**Updated New Mexico COVID-19 cases: Now at
23,500**

Update includes four additional COVID-19 deaths

SANTA FE – New Mexico state health officials on Monday announced 95 additional COVID-19 cases. Per the state Department of Health, the most recent cases are:

- 29 new cases in Bernalillo County
- 6 new cases in Chaves County
- 2 new cases in Cibola County
- 3 new cases in Curry County
- 11 new cases in Doña Ana County
- 3 new cases in Eddy County
- 3 new cases in Hidalgo County
- 9 new cases in Lea County
- 2 new cases in Lincoln County
- 4 new cases in McKinley County
- 3 new cases in Sandoval County
- 2 new cases in San Juan County
- 2 new cases in San Miguel County
- 6 new cases in Santa Fe County
- 4 new cases in Valencia County
- 6 new cases among individuals held by federal agencies at the Cibola County Correctional Center

The Department of Health on Monday reported four additional deaths in New Mexico related to COVID-19. They are:

- A female in her 70s from Bernalillo County. The individual had underlying conditions and was a resident of Sandia Ridge Center.

- A female in her 90s from Bernalillo County. The individual had underlying conditions.
- A male in his 40s from Curry County. The individual was hospitalized and had underlying conditions.
- A female in her 70s from Otero County. The individual was hospitalized and had underlying conditions.

The number of deaths of New Mexico residents related to COVID-19 is now 718.

Previously reported numbers included two cases that have been identified as duplicates (one in Bernalillo County, one in Doña Ana County) and one case in Lea County that has been identified as an out-of-state resident – these have now been corrected. Including the above newly reported cases, New Mexico has now had a total of 23,500 COVID-19 cases:

Bernalillo County: 5,365
 Catron County: 6
 Chaves County: 544
 Cibola County: 383
 Colfax County: 18

- The Woodmark at Uptown in Albuquerque

The Department of Health has detected community spread in the state of New Mexico and is investigating cases with no known exposure. The agency reports that given the

infectious nature of the virus it is likely other residents are infected but yet to be tested or confirmed positive. To that end, **all New Mexicans have been instructed to stay home except for outings absolutely necessary for health, safety and welfare.** These additional restrictions have been enacted to aggressively minimize person-to-person contact and ensure spread is mitigated. New Mexicans are strongly urged to limit travel to only what is necessary for health, safety and welfare.

The New Mexico Department of Health has active investigations into the positive patients, which includes contact-tracing and swabs of symptomatic individuals who have had contact with the positive cases.

Every New Mexican must work together to stem the spread of COVID-19. **Stay home, especially if you are sick. Wear a mask or face covering when in public and around others.**

New Mexicans who report symptoms of COVID-19 infection, such as fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell should call their health care provider or the NMDOH COVID-19 hotline immediately (1-855-600-3453).

The Department of Health strongly encourages the following groups to get tested:

- Symptomatic people displaying the COVID-19 symptoms of fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell;
- Asymptomatic people who are close contacts or household members of people in their infectious period who have already tested positive for the coronavirus;
- Asymptomatic people who live or work in congregate settings such as long-term care facilities and group homes;
- Patients who are scheduled for surgery and whose provider has advised them to get tested before the procedure.

New Mexicans who have non-health-related questions or concerns can also call 833-551-0518 or visit newmexico.gov, which is being updated regularly as a one-stop source for information for families, workers and others affected by and seeking more information about COVID-19.
