## Albuquerque on I.C.E. - Local Indivisible Groups with other local organizations connect for Immigration Policy Awareness

**Albuquerque, NM – February 15, 2017** – Tuesday, February 21, 2017 from 4:00 to 6:00 p.m. at Civic Plaza, Indivisible Nob Hill and Indivisible Albuquerque invite all Albuquerque join in a rally for immigration policy awareness.

Indivisible holds rallies in hundreds of cities every Tuesday to oppose President Trump's administration's agenda. It is our mission to ensure that our City, State and Federal government representatives are keenly aware how much opposition actually lies within our community.

In the last couple of weeks both [Mayor Berry](#) and [Gov. Martinez](#) have expressed their views on immigration policy. Those statements, President Trump's Muslim ban, and the round ups by Immigration and Customs Enforcement (ICE) have lead to a great many people living in fear. Our goal is to demonstrate solidarity around these issues and counter fear with compassion.

We demand that Albuquerque reflect the will of the majority and return to the status of a sanctuary city, welcoming those who have made this city their home.

Our teachers worry about their immigrant students and students from immigrant families who live in fear. We want them to have a voice at this rally.

Invited guests include the [Southwest Organizing Project](#), [El Centro de Igualidad y Derechos](#), and The [New Mexico Dream Team](#). We will create a rally that is educational as well as purposeful.

## **Additional Information**

Dubbed “Indivisible,” the group launched as a way for Padilla and a handful of fellow ex-Democratic aides to channel their post-election heartbreak into a manual for quashing President Donald Trump’s agenda. They drafted a 26-page protest [guide](#) for activists, full of pointers on how to bird dog their members of Congress in the language of Capitol insiders.
