The number of deaths of New Mexico residents related to COVID-19 is now 1,629.

The ten ZIP codes across the state with the most COVID-19 cases on Wednesday, Dec. 2, are:

- 87121 – 70
- 88203 – 61
- 88201 – 56
- 88220 – 56
- 87105 – 50
- 87031 – 46
- 88240 – 46
- 87507 – 41
- 87401 – 39
- 87114 – 34

Previously reported numbers included four cases that have been identified as duplicates (one in Los Alamos County, one in McKinley County, one in Sandoval County, one in Valencia County) and one case in Valencia County that was not lab confirmed – these have now been corrected. One case previously reported in Bernalillo County has been determined to be among individuals held by federal agencies at the Torrance County Detention Facility. Four cases previously reported in Cibola County have been determined to be among NMCD inmates at the Northwest New Mexico Correctional Center in Cibola County. Two cases previously reported in Santa Fe County have been determined to be among NMCD inmates at the Penitentiary of New Mexico in Santa Fe County. Five cases listed in yesterday's correction as having been previously reported in Union County and then been determined to be among NCMD inmates at the Northwest New Mexico Correctional Center in Cibola County should have been corrected to have been determined to be among NMCD inmates at the Northeast New Mexico Correctional Facility in Union County and are now reported as such. Including the above newly reported cases, New Mexico has now had a total of 100,963 COVID-19 cases:

Bernalillo County: 28,125
Catron County: 37
Chaves County: 4,974
Cibola County: 1,706
Colfax County: 250
Curry County: 3,275
De Baca County: 48
Doña Ana County: 13,797
Eddy County: 3,099
Grant County: 523
Guadalupe County: 140
Harding County: 6
Hidalgo County: 189
Lea County: 4,497
Lincoln County: 794

Los Alamos County: 158
Luna County: 1,980
McKinley County: 7,294
Mora County: 38
Otero County: 1,512
Quay County: 257
Rio Arriba County: 1,387
Roosevelt County: 1,041
Sandoval County: 5,478
San Juan County: 6,296
San Miguel County: 444
Santa Fe County: 5,415
Sierra County: 359
Socorro County: 645
Taos County: 853
Torrance County: 329
Union County: 130
Valencia County: 3,210

County totals are subject to change upon further investigation and determination of residency of individuals positive for COVID-19.

- Willow Manor in Deming
- Willow Wood Assisted Living in Albuquerque

The Department of Health has detected community spread in the state of New Mexico and is investigating cases with no known exposure. The agency reports that given the infectious nature of the virus it is likely other residents are infected but yet to be tested or confirmed positive. To that end, **all New Mexicans have been instructed to stay home except for outings absolutely necessary for health, safety and welfare.** These additional restrictions have been enacted to aggressively minimize person-to-person contact and ensure spread is mitigated. New Mexicans are strongly urged to limit travel to only what is necessary for health, safety and welfare.

The New Mexico Department of Health has active investigations into the positive patients, which includes contact-tracing and swabs of symptomatic individuals who have had contact with the positive cases.

Every New Mexican must work together to stem the spread of COVID-19. **Stay home, especially if you are sick. Wear a mask or face covering when in public and around others.**

New Mexicans who report symptoms of COVID-19 infection, such as fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell should call their health care provider or the NMDOH COVID-19 hotline immediately (1-855-600-3453).

The Department of Health strongly encourages the following groups to get tested:

- Symptomatic people displaying the COVID-19 symptoms of fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell;
- Asymptomatic people who are close contacts or household members of people in their infectious period who have already tested positive for the coronavirus;
- Asymptomatic people who live or work in congregate settings such as long-term care facilities and group homes;
- Patients who are scheduled for surgery and whose provider has advised them to get tested before the procedure.

New Mexicans who have non-health-related questions or concerns can also call 833-551-0518 or visit newmexico.gov, which is being updated regularly as a one-stop source

for information for families, workers and others affected by and seeking more information about COVID-19.
