The number of deaths of New Mexico residents related to COVID-19 is now 3,671.

The ten ZIP codes across the state with the most COVID-19 cases on Thursday, Feb. 25 are:

87121 - 19  
 88310 - 14  
 87120 - 12  
 87105 - 10  
 88203 - 9  
 87031 - 8  
 88001 - 8  
 88220 - 8  
 87109 - 7  
 87401 - 7

Daily case counts and test numbers are raw data based on information the state receives today - meaning data that has not yet been scrutinized to identify potential duplicates or late-arriving positives or negatives. By contrast, the [Red Yellow Green county-level analysis](#) provides a highly accurate picture for a two-week period of time.

Including the above newly reported cases, New Mexico has now had a total of 184,080 COVID-19 cases:

Bernalillo County: 52,213  
Catron County: 83  
Chaves County: 8,600  
Cibola County: 2,730  
Colfax County: 700  
Curry County: 4,901  
De Baca County: 132  
Doña Ana County: 22,622  
Eddy County: 6,416  
Grant County: 1,474  
Guadalupe County: 352  
Harding County: 8  
Hidalgo County: 346  
Lea County: 8,017  
Lincoln County: 1,532  
Los Alamos County: 477  
Luna County: 3,083  
McKinley County: 11,999  
Mora County: 161  
Otero County: 3,268  
Quay County: 418  
Rio Arriba County: 3,391  
Roosevelt County: 1,836  
Sandoval County: 10,815  
San Juan County: 13,500  
San Miguel County: 1,223  
Santa Fe County: 9,559  
Sierra County: 698  
Socorro County: 1,215  
Taos County: 1,519  
Torrance County: 633  
Union County: 237  
Valencia County: 6,124

County totals are subject to change upon further investigation and determination of residency of individuals positive for COVID-19.

- Vida Encantada Nursing & Rehabilitation in Las Vegas
- Vista Sandia Assisted Living in Albuquerque
- Welbrook Senior Living in Las Cruces
- White Sands Healthcare in Hobbs

The Department of Health has detected community spread in the state of New Mexico and is investigating cases with no known exposure. The agency reports that given the infectious nature of the virus it is likely other residents are infected but yet to be tested or confirmed positive. To that end, all New Mexicans have been instructed to stay home except for outings absolutely necessary for health, safety and welfare. These additional restrictions have been enacted to aggressively minimize person-to-person contact and ensure spread is mitigated. New Mexicans are strongly urged to limit travel to only what is necessary for health, safety and welfare.

The New Mexico Department of Health has active investigations into the positive patients, which includes contact-tracing and swabs of symptomatic individuals who have had contact with the positive cases.

Every New Mexican must work together to stem the spread of COVID-19. Stay home, especially if you are sick. Wear a mask or face covering when in public and around others.

New Mexicans who report symptoms of COVID-19 infection, such as fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell should call their health care provider or the NMDOH COVID-19 hotline immediately (1-855-600-3453).

The Department of Health strongly encourages the following groups to get tested:

- Symptomatic people displaying the COVID-19 symptoms of fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell;
- Asymptomatic people who are close contacts or household members of people in their infectious period who have already tested positive for the coronavirus;
- Asymptomatic people who live or work in congregate settings such as long-term care facilities and group homes;
- Patients who are scheduled for surgery and whose provider has advised them to get tested before the procedure.

New Mexicans who have non-health-related questions or concerns can also call 833-551-0518 or visit [newmexico.gov](http://newmexico.gov), which is being updated regularly as a one-stop source for information for families, workers and others affected by and seeking more information about COVID-19.
