The number of deaths of New Mexico residents related to COVID-19 is now 3,909.

The ten ZIP codes across the state with the most COVID-19 cases on Wednesday, Mar. 24 are:

87124 - 14
 87114 - 9
 88001 - 7
 88021 - 7
 88030 - 7
 88101 - 7
 87031 - 6
 87121 - 6
 87123 - 6
 87144 - 6

Daily case counts and test numbers are raw data based on information the state receives today - meaning data that has not yet been scrutinized to identify potential duplicates or late-arriving positives or negatives. By contrast, the [Red Yellow Green county-level analysis](#) provides a highly accurate picture for a two-week period of time.

Previously reported numbers included seven cases that have been identified as duplicates (three in Bernalillo County, two in Chaves County, one in Santa Fe County, one in Sierra County) - these have now been corrected. Including the above newly reported cases, New Mexico has now had a total of 190,275 COVID-19 cases:

Bernalillo County: 54,237
 Catron County: 83
 Chaves County: 8,708
 Cibola County: 2,807
 Colfax County: 718
 Curry County: 5,018
 De Baca County: 133
 Doña Ana County: 23,635
 Eddy County: 6,636
 Grant County: 1,594
 Guadalupe County: 369
 Harding County: 9
 Hidalgo County: 352

Lea County: 8,176
Lincoln County: 1,578
Los Alamos County: 495
Luna County: 3,209
McKinley County: 12,117
Mora County: 168
Otero County: 3,574
Quay County: 426
Rio Arriba County: 3,452
Roosevelt County: 1,863
Sandoval County: 11,233
San Juan County: 13,661
San Miguel County: 1,312
Santa Fe County: 9,795
Sierra County: 713
Socorro County: 1,237
Taos County: 1,603
Torrance County: 672
Union County: 244
Valencia County: 6,349

County totals are subject to change upon further investigation and determination of residency of individuals positive for COVID-19.

The Department of Health currently reports the following numbers of COVID-19 cases among individuals held by federal agencies at the following facilities:

- Cibola County Correctional Center: 446
- Otero County Federal Prison Facility: 443
- Otero County Processing Center: 197

- Santa Fe Care Center in Santa Fe
- Senior Living Systems in Los Lunas
- Suites at Rio Vista in Rio Rancho
- Vecinos Santos Assisted Living in Santa Rosa
- Welbrook Senior Living in Las Cruces
- The Woodmark at Uptown in Albuquerque

The Department of Health has detected community spread in the state of New Mexico and is investigating cases with no known exposure. The agency reports that given the infectious nature of the virus it is likely other residents are infected but yet to be tested or confirmed positive. To that end, all New Mexicans have been instructed to stay home except for outings absolutely necessary for health, safety and welfare. These additional restrictions have been enacted to aggressively minimize person-to-person contact and ensure spread is mitigated. New Mexicans are strongly urged to limit travel to only what is necessary for health, safety and welfare.

The New Mexico Department of Health has active investigations into the positive patients, which includes contact-tracing and swabs of symptomatic individuals who have had contact with the positive cases.

Every New Mexican must work together to stem the spread of COVID-19. Stay home, especially if you are sick. Wear a mask or face covering when in public and around others.

New Mexicans who report symptoms of COVID-19 infection, such as fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell should call their health care provider or the NMDOH COVID-19 hotline immediately (1-855-600-3453).

The Department of Health strongly encourages the following groups to get tested:

- Symptomatic people displaying the COVID-19 symptoms of fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell;
- Asymptomatic people who are close contacts or household members of people in their infectious period who have already tested positive for the coronavirus;
- Asymptomatic people who live or work in congregate settings such as long-term care facilities and group homes;
- Patients who are scheduled for surgery and whose provider has advised them to get tested before the procedure.

New Mexicans who have non-health-related questions or concerns can also call 833-551-0518 or visit newmexico.gov, which is being updated regularly as a one-stop source for information for families, workers and others affected by and seeking more information about COVID-19.
