If you plan to use the New Mexico E-Tag mobile app to tag any big-game animal or turkey in New Mexico in the 2021 license year, please download and install the newest version prior to hunting.

The app will now allow any big-game species or turkey to be e-tagged, regardless of hunt dates, area or bag limit.

Animals or turkeys may only be tagged within the hunt dates. Prior to the start of the hunt, the app will display “Not Yet Available.”
