NM-502 roundabout construction begins

LOS ALAMOS – The New Mexico Department of Transportation and Star Paving Contractors are resuming road work on NM-502 in Los Alamos between Knecht Street and Tewa Loop. Work should be complete in the winter of 2020.

The \$10.8 million project will improve a nearly one mile stretch of NM-502 and reconstruct the existing intersection at Central Avenue with a roundabout to improve traffic flow.

The project will include roadway reconstruction, earthwork, curb and gutter, ADA compliant sidewalks, concrete retaining walls, storm drains, landscaping, permanent signing, lighting, traffic signalizations and utilities.

Existing detours will remain in effect. Drivers can expect minor delays from 7:00 a.m. to 5:00 p.m. Monday-Friday. Temporary closures may take place during non-peak hours.

Traffic advisories and updates will be posted on the www.NMroads.com website.

You can also sign up for traffic alerts at the Cone Zone county website at https://www.losalamosnm.us/government/projects/road_construction

Please use caution in the construction zone. Be patient and obey all traffic signs. The NMDOT appreciates your cooperation.
