

CORRECTION: Essential businesses identified as “retail spaces” may not exceed either 25 percent of the maximum occupancy as determined by the relevant fire marshal or more than 75 customers in the business space at any given time, whichever is lesser – a previous version of this release mistakenly listed the number of customers as 100. Please note that the public health order states 75 customers – New Mexicans and media are encouraged to refer to the public health order itself.

November 13, 2020

**N.M. hits ‘reset,’ re-enacting most heightened
level of statewide public health restrictions**
New Mexicans instructed to shelter in place through Nov. 30

SANTA FE – Gov. Michelle Lujan Grisham and state health officials on Friday announced the state of New Mexico will temporarily re-enact a statewide order closing in-person services for all non-essential activities in order to blunt the unprecedented spike of COVID-19 illnesses and to attempt to relieve dramatically escalating strain on hospitals and health care providers across the state.

The heightened restrictions statewide, enacted through an amended emergency public health order issued by the state Department of Health, will be in effect for two weeks.

The restrictions are effective Monday, Nov. 16, through Monday, Nov. 30. The amended emergency public health order is attached to this news release.

New Mexicans are instructed to stay at home except for only those trips that are essential to health, safety and welfare – such as for food and water, emergency medical care, to obtain a flu shot or to obtain a test for COVID-19.

Essential businesses – such as grocery stores, pharmacies, shelters, child care facilities, gas stations, infrastructure operations and others – must minimize operations and in-person staffing to the greatest extent possible but may remain open for limited essential

in-person activities. A complete list of categories of businesses defined as essential is included in the public health order and at the bottom of this news release.

Food and drink establishments may provide curbside pickup and delivery services; on-site dining is prohibited.

A retail space identified as an essential business in the public health order – such as a grocery store, a hardware store, an automobile or bike repair facility, laundromats, liquor stores and large “big box” retailers – may not exceed either 25 percent of maximum occupancy or 75 customers at any one time, whichever is smaller. These essential retail spaces must close by 10 p.m. nightly and may reopen at 4 a.m.

The worsening state of emergency throughout New Mexico necessitates severe public health restrictions as the state records unsustainable rates of new infections of COVID-19 and hospitals throughout the state approach or exceed capacity for bed availability and staffing resources. New Mexico’s rolling 7-day average of new COVID-19 cases is 1,012, nearly 10 times greater than the state’s target for a safe “reopening” process. The total COVID-19 hospitalizations in the state have risen at least 214 percent over the most recent four weeks. The state has recorded 182 COVID-19 deaths over the past two weeks, a record over the course of the pandemic, and a 143 percent increase over the prior two-week period.

[According to the state Department of Health](#), 17 percent of New Mexicans who have been hospitalized for COVID-19 have died, or almost one in five. There are at least 471 individuals hospitalized for COVID-19 in the state as of Thursday, Nov. 12; the number may be higher pending patient test results and state reporting.

“The rate of spread and the emergency within our state hospitals are clear indicators that we cannot sustain the current situation without significant interventions to modify individual behavior,” said Gov. Lujan Grisham. “We had hoped targeted crackdowns, limited hours of operation and amplified messaging and enforcement would make the difference and slow the spread and relieve our hospitals. The public health data make clear, however, that more aggressive restrictions are not only warranted but essential if we are to prevent mass casualties. Without the compliance and cooperation of New Mexicans statewide, we do not need to imagine the bleak public health calamity we will face – the images from El Paso the last few weeks, from New York City earlier this year, and from Europe at the outset of the pandemic will be our fate in New Mexico. But we can prevent this. These warnings are intended to inform, not alarm. There are simple steps each of us can and must take. Stay at home. Wear your mask if you must go out. Do not gather with non-household members. Wash or sanitize your hands frequently. Make plans for a different kind of Thanksgiving – one without non-household members. Please, take every necessary precaution to protect yourself, your family, your community and your state. If we do that, we will be able to resume more day-to-day activities soon, and more importantly we will save the lives of hundreds of New Mexicans.”

The state has developed a tiered county-by-county system that will be used to establish “re-opening” benchmarks for each county upon the Nov. 30 expiration of the amended

emergency public health order. State health officials and modeling advisors are readying this system for implementation, which would permit counties the flexibility to engage in more in-person and business activities with Department of Health approval when they are able to drive down infection rates and prevent community outbreaks.

Businesses face a civil administrative penalty of [up to \\$5,000 a day for each violation of the Public Health Emergency Response Act](#), the state law authorizing the secretary of health to issue emergency public health orders.

STATE RESOURCES

- For information about COVID-19 testing and other public health information, call the Department of Health coronavirus hotline at **1-855-600-3453**. You may also visit cv.nmhealth.org for general COVID-19 information and togethernm.org for COVID-19 testing information.
- For mental health and behavioral health assistance, call **1-855-NMCRISIS (1-855-662-7474)** or visit www.nmcrisisline.com.
- For assistance with COVID-19 health insurance questions and issues, to obtain health insurance, to obtain help if you have been denied coverage or inappropriately charged for COVID-19 testing or treatment, call the New Mexico Superintendent of Insurance COVID-19 health insurance call center at **1-833-415-0566** from 8 a.m. to 6 p.m., Monday through Saturday.
- For information about unemployment, visit jobs.state.nm.us and youtube.com/nmdws.
- To apply online for medical assistance (Medicaid), food assistance (SNAP), cash assistance (TANF) and energy assistance (LIHEAP) visit yes.state.nm.us.
- To report a violation of the state's emergency public health order, visit the reporting portal on newmexico.gov or email covid.enforcement@state.nm.us.
- For emergency medical assistance, do not call the Department of Health information hotline – call 9-1-1.

IMPORTANT PUBLIC HEALTH REMINDERS

- The state Department of Health reminds New Mexicans of the following:
- If you feel sick, do not leave your home. If you feel any symptoms of COVID-19, seek out a COVID-19 test. Testing sites and hours are available at cv.nmhealth.org and togethernm.org.
- Please be patient after receiving your COVID-19 test. As cases rise, so does demand for testing. After you receive your COVID-19 test, monitor yourself for symptoms. If you are having symptoms or tested because of an exposure, you should assume that you are infectious and self-isolate even if your symptoms resolve. You can spread the virus without knowing you are positive and without having symptoms.
- If you test positive for COVID-19, **do not leave your home to do errands or to see friends**. If you are infected with COVID-19, you must not leave your home unless you are seeking out emergency medical care.

- If you need emergency medical care, call 9-1-1, not the Department of Health information hotline.

ESSENTIAL BUSINESSES:

- [Essential businesses](#) may operate during the next two weeks if they reduce their operations and in-person workforce to the greatest extent possible. Essential businesses, as defined in the state of New Mexico's operative emergency public health order, means any business or non-profit entity falling within one or more of the following categories:
- Health care operations including hospitals, walk-in-care health facilities, pharmacies, medical wholesale and distribution, home health care workers or aides for the elderly, emergency dental facilities, nursing homes, residential health care facilities, research facilities, congregate care facilities, intermediate care facilities for those with intellectual or developmental disabilities, supportive living homes, home health care providers, drug and alcohol recovery support services, and medical supplies and equipment manufacturers and providers;
- Homeless shelters, food banks, and other services providing care to indigent or needy populations;
- Childcare facilities;
- Grocery stores, supermarkets, food banks, farmers' markets and vendors who sell food, convenience stores, and other businesses that generate the majority of their revenue from the sale of canned food, dry goods, fresh fruits and vegetables, pet food, feed, other animal supply stores, fresh meats, fish, and poultry, and any other household consumer products;
- Farms, ranches, and other food cultivation, processing, or packaging operations;
- Infrastructure operations including, but not limited to, public works construction, commercial and residential construction and maintenance, self-storage facilities, airport operations, public transportation, airlines, taxis, private transportation providers, transportation network companies, water, gas, electrical, oil drilling, oil refining, natural resources extraction or mining operations, nuclear material research and enrichment, those attendant to the repair and construction of roads and highways, gas stations, solid waste collection and removal, trash and recycling collection, processing and disposal, sewer, data and internet providers, data centers, technology support operations, and telecommunications systems;
- Manufacturing operations involved in food processing, manufacturing agents, chemicals, fertilizer, pharmaceuticals, sanitary products, household paper products, microelectronics/semi-conductor, primary metals manufacturers, electrical equipment, appliance, and component manufacturers, and transportation equipment manufacturers;
- Services necessary to maintain the safety and sanitation of residences or essential businesses including security services, towing services, custodial services, plumbers, electricians, and other skilled trades;
- Veterinary and livestock services, animal shelters and facilities providing pet adoption, daycare, or boarding services;
- Media services;

- Automobile repair facilities, bike repair facilities, and retailers who generate the majority of their revenue from the sale of automobile or bike repair products;
- Utilities, including their contractors, suppliers, and supportive operations, engaged in power generation, fuel supply and transmission, water and wastewater supply;
- Hardware stores, “big box” stores, and other large retailers;
- Laundromats and dry cleaner services;
- Crematoriums, funeral homes and cemeteries;
- Banks, credit unions, insurance providers, payroll services, brokerage services, and investment management firms;
- Businesses providing mailing and shipping services;
- Laboratories and defense and national security-related operations supporting the United States government, a contractor to the United States government, or any federal entity;
- Professional services, such as legal or accounting services, but only where necessary to assist in compliance with legally mandated activities; and
- Logistics, and also businesses that store, transport, or deliver groceries, food, materials, goods or services directly to residences, retailers, government institutions, or essential businesses.

RETAIL SPACES:

Retail spaces that are identified as essential businesses may operate in a limited fashion. An essential business identified as a “retail space” – such as hardware stores, automobile and bike repair facilities, laundromats, dry cleaner services, grocery stores, convenience stores, food banks and large “big-box” retail spaces – may not exceed either 25 percent of the maximum occupancy as determined by the relevant fire marshal or more than 75 customers in the business space at any given time, whichever is lesser. Essential retail spaces shall limit the sale of medications, durable medical equipment, baby formula, diapers, sanitary care products and hygiene products to three items per individual. These retail spaces must close each night at 10 p.m. and may reopen beginning at 4 a.m.

CLOSE-CONTACT BUSINESSES:

Close-contact businesses – such as barbershops, hair salons, gyms, group fitness classes, tattoo parlors, nail salons, spas, massage parlors, esthetician clinics, tanning salons, guided raft tours, guided balloon tours, bowling alleys, ice skating rinks, and personal training services – must reduce their in-person workforce at each business or business location by 100% through Nov. 30 for the duration of the public health order.

CLOSE-CONTACT RECREATIONAL FACILITIES:

Close-contact recreational facilities – such as indoor movie theaters, indoor museums with interactive displays or exhibits and other similar venues, miniature golf, arcades, amusement parks, aquariums, casinos, concert venues, professional sports venues, event venues, bars, dance clubs, performance venues, go-kart courses, automobile race

tracks, adult entertainment venues and other places of recreation or entertainment – must remain closed.

HOUSES OF WORSHIP:

Houses of worship may hold religious services, indoors or outdoors, or provide services through audiovisual means, but may not be used as a venue for non-religious events. “Houses of worship” may not exceed either 25 percent of the maximum occupancy of any enclosed building or 75 individuals at any one time, whichever is smaller. Houses of worship should err on the side of remote or audiovisual services during the current public health emergency.

PLACES OF LODGING:

Places of lodging – hotels, motels, RV parks, and short-term vacation rentals – that have completed the N.M. Safe Certified training offered at nmsafecertified.org may operate up to 25 percent of maximum occupancy. All other “places of lodging” must close. Healthcare providers who are engaged in the provision of care to New Mexico residents or individuals utilizing “places of lodging” for extended stays, as temporary housing, or for purposes of quarantining shall not be counted for purposes of determining maximum occupancy.

OUTDOOR RECREATIONAL FACILITIES:

Outdoor recreational facilities – such as outdoor golf courses, public swimming pools, outdoor tennis courts, ski basins, youth programs, youth livestock shows, u-pick produce operations and corn mazes, horse racing tracks, botanical gardens, outdoor zoos, and New Mexico state parks – will close for through Nov. 30 for the duration of the public health order.

INDOOR MALLS:

Indoor malls are closed. individual essential businesses with separate outdoor entrances may continue to operate to the extent otherwise permitted by the public health order.

MASS GATHERINGS:

Any gathering of more than five individuals is prohibited; this includes amateur youth sports. New Mexicans are instructed to remain at home except for only those trips that are essential for health, safety and welfare. A mass gathering does not include the presence of more than five individuals where those individuals regularly reside. A mass gathering also does not include individuals who are public officials or public employees in the course and scope of their employment.

###

**PUBLIC HEALTH ORDER
NEW MEXICO DEPARTMENT OF HEALTH
ACTING SECRETARY BILLY J. JIMENEZ**

NOVEMBER 13, 2020

Public Health Emergency Order Clarifying that Current Guidance Documents, Advisories, and Emergency Public Health Orders Remain in Effect; and Amending Prior Public Health Emergency Orders to Provide Additional Temporary Restrictions Due to COVID-19

PREFACE

The purpose of this amended Public Health Emergency Order is to amend restrictions on mass gatherings and business operations, which were implemented in response to the spread of the Novel Coronavirus Disease 2019 (“COVID-19”). Continued social distancing and self-isolation measures are necessary to protect public health given the devastating effects that are now resulting from the rapid increase in COVID-19 cases in New Mexico. It remains the core purpose of this Order to emphasize that **all New Mexicans should be staying in their homes for all but the most essential activities and services.** This is especially true now, when this State is experiencing an unprecedented surge in new cases and hospitals are approaching or exceeding their capacity. When New Mexicans are not in their homes, they must strictly adhere to social distancing protocols and wear face coverings to minimize risks. These sacrifices are the best contribution that each of us can individually make to protect the health and wellbeing of our fellow citizens and the State as a whole. In accordance with these purposes, this Order and its exceptions should be narrowly construed to encourage New Mexicans to stay in their homes for all but the most essential activities.

It is hereby **ORDERED** that:

1. All current guidance documents and advisories issued by the Department of Health remain in effect.
2. The following Public Health Emergency Orders remain in effect through the current Public Health Emergency and any subsequent renewals of that Public Health Emergency or until they are amended or rescinded:
 - A. March 13, 2020 Public Health Emergency Order to Temporarily Limit Nursing Home Visitation Due to COVID-19;
 - B. April 30, 2020 Public Health Emergency Order Modifying Temporary Restrictions on Non-Essential Health Care Services, Procedures, and Surgeries; and

OFFICE OF THE SECRETARY

1190 St. Francis Dr., Suite N4100 • P.O. Box 26110 • Santa Fe, New Mexico • 87502
(505) 827-2613 • FAX: (505) 827-2530 • www.nmhealth.org

- C. March 24, 2020 Public Health Emergency Order Temporarily Regulating the Sale and Distribution of Personal Protective Equipment Due to Shortages Caused by COVID-19.

3. The November 5, 2020 Public Health Emergency Order Clarifying that Current Guidance Documents, Advisories, and Emergency Public Health Orders Remain in Effect; and Amending Prior Public Health Emergency Orders Limiting Businesses and Non-Profit Entities' Operations and Providing Additional Restrictions on Mass Gatherings Due to COVID-19 is hereby amended as follows:

ORDER

WHEREAS, on March 11, 2020, because of the spread of the novel Coronavirus Disease 2019 ("COVID-19"), Michelle Lujan Grisham, the Governor of the State of New Mexico, declared that a Public Health Emergency exists in New Mexico under the Public Health Emergency Response Act, and invoked her authority under the All Hazards Emergency Management Act;

WHEREAS, Governor Michelle Lujan Grisham has renewed the declaration of a Public Health Emergency through December 11, 2020;

WHEREAS, confirmed cases in the United States have risen to more than 10.3 million and confirmed COVID-19 infections in New Mexico have risen to over 60,000, with significant recent spikes in cases in New Mexico threatening to overwhelm our hospitals;

WHEREAS, COVID-19 is a deadly virus and has taken the lives of over 220,000 Americans and over 1,100 New Mexicans;

WHEREAS, the further spread of COVID-19 in the State of New Mexico poses a threat to the health, safety, wellbeing and property of the residents in the State due to, among other things, illness from COVID-19, illness-related absenteeism from employment (particularly among public safety and law enforcement personnel and persons engaged in activities and businesses critical to the economy and infrastructure of the State), potential displacement of persons, and closures of schools or other places of public gathering;

WHEREAS, social distancing and the consistent and proper use of face coverings in public spaces are the most effective ways New Mexicans can minimize the spread of COVID-19 and mitigate the potentially devastating impact of this pandemic in New Mexico; and

WHEREAS, the New Mexico Department of Health possesses legal authority pursuant to the Public Health Act, NMSA 1978, Sections 24-1-1 to -40, the Public Health Emergency Response Act, NMSA 1978, Sections 12-10A-1 to -19, the Department of Health Act, NMSA 1978, Sections 9-7-1 to -18, and inherent constitutional police powers of the New Mexico state government, to preserve and promote public health and safety, to adopt isolation and quarantine, and to close public places and forbid gatherings of people when deemed necessary by the Department for the protection of public health.

NOW, THEREFORE, I, Billy J. Jimenez, Acting Cabinet Secretary of the New Mexico Department of Health, in accordance with the authority vested in me by the Constitution and the Laws of the State of New Mexico, and as directed by the Governor pursuant to the full scope of her emergency powers under the All Hazard Emergency Management Act, do hereby declare the current outbreak of COVID-19 a condition of public health importance, as defined in NMSA 1978, Section 24-1-2(A) as an infection, a disease, a syndrome, a symptom, an injury or other threat that is identifiable on an individual or community level and can reasonably be expected to lead to adverse health effects in the community, and that poses an imminent threat of substantial harm to the population of New Mexico.

DEFINITIONS

As used in this Order, the following terms shall have the meaning given to them, except where the context clearly requires otherwise:

(1) “Essential businesses” means any business or non-profit entity falling within one or more of the following categories:

a. Health care operations including hospitals, walk-in-care health facilities, pharmacies, medical wholesale and distribution, home health care workers or aides for the elderly, emergency dental facilities, nursing homes, residential health care facilities, research facilities, congregate care facilities, intermediate care facilities for those with intellectual or developmental disabilities, supportive living homes, home health care providers, drug and alcohol recovery support services, and medical supplies and equipment manufacturers and providers;

b. Homeless shelters, food banks, and other services providing care to indigent or needy populations;

c. Childcare facilities;

d. Grocery stores, supermarkets, food banks, farmers’ markets and vendors who sell food, convenience stores, and other businesses that generate the majority of their revenue from the sale of canned food, dry goods, fresh fruits and vegetables, pet food, animal feed or supplies, fresh meats, fish, and poultry, and any other consumable household products;

e. Farms, ranches, and other food cultivation, processing, or packaging operations;

f. Infrastructure operations including, but not limited to, public works construction, commercial and residential construction and maintenance, self-storage facilities, airport operations, public transportation, airlines, taxis, private transportation providers, transportation network companies, water, gas, electrical, oil drilling, oil refining, natural resources extraction or mining operations, nuclear material research and enrichment, those attendant to the repair and construction of roads and highways, gas

stations, solid waste collection and removal, trash and recycling collection, processing and disposal, sewer, data and internet providers, data centers, technology support operations, and telecommunications systems;

g. Manufacturing operations involved in food processing, manufacturing agents, chemicals, fertilizer, pharmaceuticals, sanitary products, household paper products, microelectronics/semi-conductor, primary metals manufacturers, electrical equipment, appliance, and component manufacturers, and transportation equipment manufacturers;

h. Services necessary to maintain the safety and sanitation of residences or essential businesses including security services, towing services, custodial services, plumbers, electricians, and other skilled trades;

i. Veterinary and livestock services, animal shelters and facilities providing pet adoption, daycare, or boarding services;

j. Media services;

k. Automobile repair facilities, bike repair facilities, and retailers who generate the majority of their revenue from the sale of automobile or bike repair products;

l. Utilities, including their contractors, suppliers, and supportive operations, engaged in power generation, fuel supply and transmission, water and wastewater supply;

m. Hardware stores, “big box” stores, and other large retailers;

n. Laundromats and dry cleaner services;

o. Crematoriums, funeral homes, and cemeteries;

p. Banks, credit unions, insurance providers, payroll services, brokerage services, and investment management firms;

q. Businesses providing mailing and shipping services;

r. Laboratories and defense and national security-related operations supporting the United States government, a contractor to the United States government, or any federal entity;

s. Professional services, such as legal or accounting services, but only where necessary to assist in compliance with legally mandated activities; and

t. Logistics and other businesses that store, transport, or deliver groceries, food, materials, goods or services directly to residences, retailers, government institutions, or essential businesses.

(2) “Close-contact businesses” include barbershops, hair salons, gyms, group fitness classes, tattoo parlors, nail salons, spas, massage parlors, esthetician clinics, tanning salons, guided raft tours, guided balloon tours, bowling alleys, ice skating rinks, and personal training services.

(3) “Food and drink establishments” include restaurants, breweries, wineries, distillers, cafes, coffee shops, or other similar establishments that offer food or drink. For purposes of this section, “breweries” are those businesses licensed pursuant to NMSA 1978, Section 60-6A-26.1; “distillers” are those businesses licensed pursuant to NMSA 1978, Section 60-6A-1; and “wineries” are those businesses licensed pursuant to NMSA 1978, Section 60-A-11.

(4) “Houses of worship” means any church, synagogue, mosque, or other gathering space where persons congregate to exercise their religious beliefs.

(5) “Close-contact recreational facilities” include indoor movie theaters, indoor museums with interactive displays or exhibits and other similar venues, miniature golf, arcades, amusement parks, aquariums, casinos, concert venues, professional sports venues, event venues, bars, dance clubs, performance venues, go-kart courses, automobile racetracks, adult entertainment venues, and other places of recreation or entertainment. For purposes of this section, a “bar” is defined as any business that generated more than half of its revenue from the sale of alcohol during the preceding fiscal year.

(6) “Outdoor recreational facilities” include outdoor golf courses, public swimming pools, outdoor tennis courts, ski basins, youth programs, youth livestock shows, u-pick produce operations and corn mazes, horseracing tracks, botanical gardens, outdoor zoos, and New Mexico state parks.

(7) “Places of lodging” means hotels, motels, RV parks, and short-term vacation rentals.

(8) “Retail space” means any business identified in the categories above: 1(d), (1)k, (1)m, and (1)n.

(9) “Mass gathering” means any public gathering, private gathering, organized event, ceremony, parade, funeral, or any other grouping that brings together more than five (5) individuals in a single room or connected space, confined outdoor space, or open outdoor space. “Mass gatherings” also includes coordinated events in which individuals gather in ten (10) or more vehicles. “Mass gathering” does not include the presence more than five (5) individuals where those individuals regularly reside. “Mass gathering” does not include individuals who are public officials or public employees in the course and scope of their employment.

(10) “COVID-Safe Practices” (“CSP’s”) are those directives, guidelines, and recommendations for businesses and other public operations that are set out and memorialized in the document titled “All Together New Mexico: COVID-Safe Practices for Individuals and Employers.” This document may be obtained at the following link: <https://cv.nmhealth.org/covid-safe-practices/>.

DIRECTIONS

Beginning November 13, 2020, **I DIRECT** as follows:

The provisions and restrictions of the November 5, 2020 Public Health Emergency Order Clarifying that Current Guidance Documents, Advisories, and Emergency Public Health Orders Remain in Effect; and Amending Prior Public Health Emergency Orders Limiting Businesses and Non-Profit Entities' Operations and Providing Additional Restrictions on Mass Gatherings Due to COVID-19 shall remain in effect until November 16, 2020.

Beginning November 16, 2020, **I DIRECT** as follows:

- (1) Except as provided elsewhere in this Order, all “mass gatherings” are prohibited.
- (2) “Houses of worship” may hold religious services, indoors or outdoors, or provide services through audiovisual means, but may not be used as a venue for non-religious events. “Houses of worship” may not exceed the lesser of 25% of its maximum occupancy, as determined by the relevant fire marshal or fire department, or 75 individuals at any given time.
- (3) All businesses and non-profit entities, except those entities defined as “essential businesses,” must reduce the in-person workforce at each business or business location by 100%. “Essential businesses” may remain open, provided they minimize their operations and staff to the greatest extent possible. Further, all “essential businesses” shall comply with the pertinent “COVID-Safe Practices (CSP’s)” section(s) of the “All Together New Mexico: COVID-Safe Practices for Individuals and Employers” and any identified occupancy restrictions. “Essential businesses” identified as a “retail space” must close by 10:00 p.m. and must remain closed until at least 4:00 a.m. Further, “essential businesses” identified as a “retail space” may not exceed the lesser of either 25% of its maximum occupancy, as determined by the relevant fire marshal or fire department, or 75 customers in the business space at any given time. Further, “essential businesses” identified as a “retail space” may not allow a person who is without a mask or multilayer cloth face covering to enter the premises except where that person is in possession of a written exemption from a healthcare provider.
- (4) “Food and drink establishments” may not provide any indoor or outdoor dine-in service but may provide carryout service or delivery service, if otherwise permitted by law.
- (5) This Order requires the closure of physical office spaces, retail spaces, or other public spaces of a business but does not otherwise restrict the conduct of business operations through telecommuting or otherwise working from home in which an employee only interacts with clients or customers remotely. Businesses that are not “essential businesses” may operate to the minimum extent necessary to provide curbside pickup and/or delivery services to customers but only if they are legally permitted to provide their services through pickup and/or delivery.
- (6) “Places of lodging” which have completed the NM Safe Certified training offered at <https://nmsafecertified.org> may operate up to 25% of maximum occupancy. All other “places of lodging” must close to the extent not being utilized for the purposes of housing healthcare

providers who are engaged in the provision of care to New Mexico residents, individuals for extended stays as temporary housing, or individuals who are quarantining. The foregoing groups of individuals shall not be counted for purposes of determining maximum occupancy for “places of lodging.”

(7) This Order does not limit animal shelters, zoos, and other facilities with animal care operations from performing tasks that ensure the health and welfare of animals. Those tasks should be performed with the minimum number of employees necessary, for the minimum amount of time necessary, and with strict adherence to all social distancing protocols.

(8) All outdoor recreational facilities must close.

(9) All state-run museums must remain closed.

(10) All indoor malls must close, except that individual “essential businesses” with separate outdoor entrances may continue to operate to the extent otherwise permitted by this Order.

(11) Private educational institutions serving children and young adults from pre-Kindergarten through 12th Grade, including homeschools serving children who are not household members, shall adhere to the face covering and other COVID-Safe Practices requirements for in-person instruction described in the document “Reentry Guidance” published by New Mexico’s Public Education Department on June 20, 2020 and as updated from time to time thereafter, and shall operate with a maximum occupancy of 25% of any individual enclosed indoor space, such as any classroom, as determined by the relevant fire marshal or fire department, with the occupancy restriction herein to govern in the event of any discrepancy with the “Reentry Guidance.”

(12) Any “food and drink establishment,” “place of lodging,” “retail space,” or “essential business” (other than those which meet the definition of a healthcare operation, utility, or media service) in which members of the public regularly visit, must immediately close for a period of fourteen (14) days following the occurrence of four (4) or more rapid responses within a fourteen (14) day period. For purposes of this directive, rapid responses will be counted on a rolling basis. Notwithstanding this provision, an “essential business” may be permitted to continue operating if the Department of Health, after consultation with the Environment Department, determines that the business is a necessary provider of goods or services within the community in light of geographic considerations.

(13) Unless a healthcare provider instructs otherwise, all individuals shall wear a mask or multilayer cloth face covering in public settings except when eating or drinking. Masks with vents do not satisfy this requirement.

(14) All public and private employers are required to comply with this Order and any instructions provided by State departments or agencies regarding COVID-19.

(15) In order to minimize the shortage of health care supplies and other necessary goods, “retail spaces” shall limit the sale of medications, durable medical equipment, baby formula, diapers, sanitary care products, and hygiene products to three items per individual.

I FURTHER DIRECT as follows:

- (1) This Order shall be broadly disseminated in English, Spanish and other appropriate languages to the citizens of the State of New Mexico.
- (2) This Order declaring restrictions based upon the existence of a condition of public health importance shall not abrogate any disease-reporting requirements set forth in the New Mexico Public Health Act.
- (3) Nothing in this Order is intended to restrain or preempt local authorities from enacting more stringent restrictions than those required by the Order.
- (4) This Order shall take effect on November 13, 2020 and remain in effect through November 30, 2020.
- (5) The New Mexico Department of Health, the New Mexico Department of Public Safety, the New Mexico Department of Homeland Security and Emergency Management, the Department of the Environment, and all other State departments and agencies are authorized to take all appropriate steps to ensure compliance with this Order.
- (6) Any and all State officials authorized by the Department of Health may enforce this Order by issuing a citation of violation, which may result in civil administrative penalties of up to \$5,000 for each violation under NMSA 1978, Section 12-10A-19.

I FURTHER ADVISE the public to take the following preventive precautions:

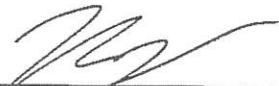

- New Mexico citizens should stay at home and undertake only those outings absolutely necessary for their health, safety, or welfare.
- Retailers should take appropriate action consistent with this order to reduce hoarding and ensure that all New Mexicans can purchase necessary goods.
- Avoid crowds.
- Avoid all non-essential travel including plane trips and cruise ships.
