- A male in his 80s from Sandoval County. The individual was hospitalized and had underlying conditions.
- A male in his 30s from San Juan County. The individual was hospitalized and had underlying conditions.
- A female in her 40s from Valencia County. The individual was hospitalized.
- A male in his 50s from Lea County. The individual was hospitalized and had underlying conditions.

The number of deaths of New Mexico residents related to COVID-19 is now 3,562.

The ten ZIP codes across the state with the most COVID-19 cases on Wednesday, Feb. 17 are:

87120 - 17
87114 - 15
87111 - 12
87112 - 10
87144 - 9
87110 - 8
88005 - 8
87109 - 7
87121 - 7
87124 - 7

Daily case counts and test numbers are raw data based on information the state receives today - meaning data that has not yet been scrutinized to identify potential duplicates or late-arriving positives or negatives. By contrast, the [Red Yellow Green county-level analysis](#) provides a highly accurate picture for a two-week period of time. Previously reported numbers included nine cases that have been identified as duplicates (four in Bernalillo County, one in Eddy County, one in Grant County, one in McKinley County, one in Rio Arriba County, and one in San Juan County)-- these have now been corrected. Including the above newly reported cases, New Mexico has now had a total of 181,332 COVID-19 cases:

Bernalillo County: 51,431
Catron County: 82
Chaves County: 8,524
Cibola County: 2,696
Colfax County: 690
Curry County: 4,853
De Baca County: 131
Doña Ana County: 22,134
Eddy County: 6,243
Grant County: 1,438
Guadalupe County: 341
Harding County: 8
Hidalgo County: 340
Lea County: 7,967
Lincoln County: 1,497
Los Alamos County: 468
Luna County: 3,046
McKinley County: 11,893
Mora County: 151
Otero County: 3,119
Quay County: 414
Rio Arriba County: 3,361
Roosevelt County: 1,822
Sandoval County: 10,667
San Juan County: 13,378
San Miguel County: 1,197
Santa Fe County: 9,456
Sierra County: 679
Socorro County: 1,199
Taos County: 1,490
Torrance County: 626
Union County: 213
Valencia County: 6,036

County totals are subject to change upon further investigation and determination of residency of individuals positive for COVID-19.

The Department of Health currently reports the following numbers of COVID-19 cases among individuals held by federal agencies at the following facilities:

- Cibola County Correctional Center: 440
- Otero County Federal Prison Facility: 443

- Vista Sandia Assisted Living in Albuquerque
- Westwind House Assisted Living in Albuquerque
- Wheatfields Senior Living Community in Clovis
- White Sands Healthcare in Hobbs

The Department of Health has detected community spread in the state of New Mexico and is investigating cases with no known exposure. The agency reports that given the infectious nature of the virus it is likely other residents are infected but yet to be tested or confirmed positive. To that end, all New Mexicans have been instructed to stay home except for outings absolutely necessary for health, safety and welfare. These additional restrictions have been enacted to aggressively minimize person-to-person contact and ensure spread is mitigated. New Mexicans are strongly urged to limit travel to only what is necessary for health, safety and welfare.

The New Mexico Department of Health has active investigations into the positive patients, which includes contact-tracing and swabs of symptomatic individuals who have had contact with the positive cases.

Every New Mexican must work together to stem the spread of COVID-19. Stay home, especially if you are sick. Wear a mask or face covering when in public and around others.

New Mexicans who report symptoms of COVID-19 infection, such as fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of

taste or smell should call their health care provider or the NMDOH COVID-19 hotline immediately (1-855-600-3453).

The Department of Health strongly encourages the following groups to get tested:

- Symptomatic people displaying the COVID-19 symptoms of fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell;
- Asymptomatic people who are close contacts or household members of people in their infectious period who have already tested positive for the coronavirus;
- Asymptomatic people who live or work in congregate settings such as long-term care facilities and group homes;
- Patients who are scheduled for surgery and whose provider has advised them to get tested before the procedure.

New Mexicans who have non-health-related questions or concerns can also call 833-551-0518 or visit newmexico.gov, which is being updated regularly as a one-stop source for information for families, workers and others affected by and seeking more information about COVID-19.
