

## COVID Orders Remain in Effect, With Fewer Restrictions

### **Mayor Issues New COVID-19 Emergency Proclamation State's "Turquoise" Designation Informs Updated Emergency Orders**

SANTA FE, MARCH 29, 2021: Mayor Alan Webber issued Emergency Proclamation VIII-COVID-19, replacing the previous proclamation, which expired today. The new Proclamation is based on the ongoing health risks of the COVID-19 pandemic. Pursuant to the Proclamation, Mayor Webber extended some previously issued emergency orders, while phasing out others. The County is now operating under the State's "Turquoise" designation of COVID risk, and the new City orders provide a framework for the continued relief to residents along with the gradual and safe reopening of City operations and facilities.

The Emergency Orders issued pursuant to Proclamation VIII complement changing State restrictions while keeping risk to the City's employees and others limited. Under the new Emergency Orders :

- The City's Convention Center may increase its occupancy to the State's "event center" occupancy levels beginning May 6, if the County's classification remains Turquoise or the equivalent.
- Access to in-person City services and facilities will increase gradually and in a safety-conscious manner, and as City employees have the opportunity to get vaccinated, as long as local infection rates continue to remain in the Green levels or lower and City employee rates remain near zero.

- Unless a healthcare provider instructs otherwise or the State exempts a person from wearing a facial covering, all individuals shall wear a mask or facial covering in public settings except when eating or drinking.
