- A female in her 70s from San Juan County. The individual was hospitalized and had underlying conditions.
- A male in his 60s from Valencia County. The individual had underlying conditions.

The number of deaths of New Mexico residents related to COVID-19 is now 3,740.

The ten ZIP codes across the state with the most COVID-19 cases on Tuesday, Mar. 2 are:

87114 - 16
 87120 - 16
 87121 - 12
 87124 - 12
 87107 - 10
 88021 - 10
 87105 - 7
 88001 - 7
 87031 - 6
 87109 - 6

Daily case counts and test numbers are raw data based on information the state receives today - meaning data that has not yet been scrutinized to identify potential duplicates or late-arriving positives or negatives. By contrast, the [Red Yellow Green county-level analysis](#) provides a highly accurate picture for a two-week period of time.

Previously reported numbers included two cases that have been identified as duplicates (one in Doña Ana County, one in Roosevelt County) - these have now been corrected. Including the above newly reported cases, New Mexico has now had a total of 185,542 COVID-19 cases:

Bernalillo County: 52,682
Catron County: 83
Chaves County: 8,631
Cibola County: 2,748
Colfax County: 702
Curry County: 4,927
De Baca County: 132
Doña Ana County: 22,822
Eddy County: 6,471
Grant County: 1,499
Guadalupe County: 362
Harding County: 8
Hidalgo County: 349
Lea County: 8,045
Lincoln County: 1,544
Los Alamos County: 483
Luna County: 3,099
McKinley County: 12,044
Mora County: 161
Otero County: 3,333
Quay County: 420
Rio Arriba County: 3,410
Roosevelt County: 1,839
Sandoval County: 10,871
San Juan County: 13,541
San Miguel County: 1,233
Santa Fe County: 9,600
Sierra County: 700
Socorro County: 1,224
Taos County: 1,536
Torrance County: 644
Union County: 237
Valencia County: 6,165

County totals are subject to change upon further investigation and determination of residency of individuals positive for COVID-19.

The Department of Health currently reports the following numbers of COVID-19 cases among individuals held by federal agencies at the following facilities:

- Cibola County Correctional Center: 444

- Tercer Cielo 2 in Albuquerque
- Village Retirement Community in Roswell
- Vida Encantada Nursing & Rehabilitation in Las Vegas
- Vista Sandia Assisted Living in Albuquerque
- Welbrook Senior Living in Las Cruces

The Department of Health has detected community spread in the state of New Mexico and is investigating cases with no known exposure. The agency reports that given the infectious nature of the virus it is likely other residents are infected but yet to be tested or confirmed positive. To that end, all New Mexicans have been instructed to stay home except for outings absolutely necessary for health, safety and welfare. These additional restrictions have been enacted to aggressively minimize person-to-person contact and ensure spread is mitigated. New Mexicans

are strongly urged to limit travel to only what is necessary for health, safety and welfare.

The New Mexico Department of Health has active investigations into the positive patients, which includes contact-tracing and swabs of symptomatic individuals who have had contact with the positive cases.

Every New Mexican must work together to stem the spread of COVID-19. Stay home, especially if you are sick. Wear a mask or face covering when in public and around others.

New Mexicans who report symptoms of COVID-19 infection, such as fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell should call their health care provider or the NMDOH COVID-19 hotline immediately (1-855-600-3453).

The Department of Health strongly encourages the following groups to get tested:

- Symptomatic people displaying the COVID-19 symptoms of fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell;
- Asymptomatic people who are close contacts or household members of people in their infectious period who have already tested positive for the coronavirus;
- Asymptomatic people who live or work in congregate settings such as long-term care facilities and group homes;
- Patients who are scheduled for surgery and whose provider has advised them to get tested before the procedure.

New Mexicans who have non-health-related questions or concerns can also call 833-551-0518 or visit newmexico.gov, which is being updated regularly as a one-stop source for information for families, workers and others affected by and seeking more information about COVID-19.
