## **Immediate Release**

March 29, 2021

### **New Mexico COVID-19 update: 182 new cases, totally 191,230** *Zero additional COVID-19 deaths*

SANTA FE – New Mexico state health officials on Monday announced 182 additional COVID-19 cases. Per the state Department of Health, the most recent cases are:

- 54 new cases in Bernalillo County
- 2 new cases in Chaves County
- 2 new cases in Cibola County
- 1 new case in Colfax County
- 2 new cases in Curry County
- 52 new cases in Doña Ana County
- 2 new cases in Eddy County
- 1 new case in Hidalgo County
- 1 new case in Lea County
- 3 new cases in Los Alamos County
- 3 new cases in Luna County
- 1 new case in McKinley County
- 3 new cases in Otero County
- 1 new case in Rio Arriba County
- 25 new cases in Sandoval County
- 10 new cases in San Juan County
- 1 new case in San Miguel County
- 7 new cases in Santa Fe County
- 3 new cases in Taos County
- 4 new cases in Torrance County
- 4 new cases in Valencia County

The Department of Health on Monday reported zero additional deaths in New Mexico related to COVID-19:

The number of deaths of New Mexico residents related to COVID-19 is now 3,925.

The ten ZIP codes across the state with the most COVID-19 cases on Monday, Mar. 29 are:

88001 - 32  
88011 - 10  
87124 - 9  
87114 - 8  
87144 - 7  
87105 - 6  
87120 - 6  
87104 - 5  
87035 - 4  
87048 - 4

Daily case counts and test numbers are raw data based on information the state receives today - meaning data that has not yet been scrutinized to identify potential duplicates or late-arriving positives or negatives. By contrast, the [Red Yellow Green county-level analysis](#) provides a highly accurate picture for a two-week period of time.

Including the above newly reported cases, New Mexico has now had a total of 191,230 COVID-19 cases:

Bernalillo County: 54,545  
Catron County: 83  
Chaves County: 8,730  
Cibola County: 2,813

- Springer Correctional Center in Colfax County: 151
- Western New Mexico Correctional Facility in Cibola County: 75

As of today, there are 99 individuals hospitalized in New Mexico for COVID-19. This number may include individuals who tested positive for COVID-19 out of state but are currently hospitalized in New Mexico. This number does not include New Mexicans who tested positive for COVID-19 and may have been transferred to a hospital out of state.

As of today, there are 173,497 COVID-19 cases designated as having recovered by the New Mexico Department of Health.

The Department of Health has identified at least one positive COVID-19 case in residents and/or staff in the past 28 days at the following long-term care facilities:

- Advanced Health Care in Albuquerque
- Albuquerque Heights Healthcare and Rehabilitation Center
- Avamere at Fiesta Park in Albuquerque
- Bear Canyon Rehabilitation Center in Albuquerque
- BeeHive Homes Farmington
- Casa del Sol Center in Las Cruces
- Casa Sandia in Albuquerque
- Clovis Healthcare and Rehabilitation Center in Clovis

- Princeton Place in Albuquerque
- Retirement Ranches in Clovis
- The Rio at Las Estancias in Albuquerque
- Santa Fe Care Center in Santa Fe
- Suites at Rio Vista in Rio Rancho
- Vecinos Sanos Assisted Living in Santa Rosa

The Department of Health has detected community spread in the state of New Mexico and is investigating cases with no known exposure. The agency reports that given the infectious nature of the virus it is likely other residents are infected but yet to be tested or confirmed positive. To that end, all New Mexicans have been instructed to stay home except for outings absolutely necessary for health, safety and welfare. These additional restrictions have been enacted to aggressively minimize person-to-person contact and ensure spread is mitigated. New Mexicans are strongly urged to limit travel to only what is necessary for health, safety and welfare.

The New Mexico Department of Health has active investigations into the positive patients, which includes contact-tracing and swabs of symptomatic individuals who have had contact with the positive cases.

Every New Mexican must work together to stem the spread of COVID-19. Stay home, especially if you are sick. Wear a mask or face covering when in public and around others.

New Mexicans who report symptoms of COVID-19 infection, such as fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell should call their health care provider or the NMDOH COVID-19 hotline immediately (1-855-600-3453).

The Department of Health strongly encourages the following groups to get tested:

- Symptomatic people displaying the COVID-19 symptoms of fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell;
- Asymptomatic people who are close contacts or household members of people in their infectious period who have already tested positive for the coronavirus;
- Asymptomatic people who live or work in congregate settings such as long-term care facilities and group homes;
- Patients who are scheduled for surgery and whose provider has advised them to get tested before the procedure.

New Mexicans who have non-health-related questions or concerns can also call 833-551-0518 or visit [newmexico.gov](http://newmexico.gov), which is being updated regularly as a one-stop source for information for families, workers and others affected by and seeking more information about COVID-19.
