The Department of Health on Monday reported three** additional deaths in New Mexico related to COVID-19:

- A male in his 70s from Eddy County. The individual was hospitalized and had underlying conditions.
- A female in her 60s from San Juan County. The individual was hospitalized and had underlying conditions.
- A male in his 80s from Lea County. The individual was hospitalized.

The number of deaths of New Mexico residents related to COVID-19 is now 3,979.

The ten ZIP codes across the state with the most COVID-19 cases Saturday, Apr. 10. through Monday, Apr. 12 are:

87121 - 44
 87124 - 38
 87401 - 36
 87031 - 29
 87120 - 29
 87114 - 18
 88201 - 17
 87109 - 16
 87532 - 16
 87111 - 15

Daily case counts and test numbers are raw data based on information the state receives today - meaning data that has not yet been scrutinized to identify potential duplicates or late-arriving positives or negatives. By contrast, the [Red Yellow Green county-level analysis](#) provides a highly accurate picture for a two-week period of time.

Previously reported numbers included twenty-seven cases that have been identified as duplicates (nine in Bernalillo County, seven in Bernalillo County, one in Chaves County, one in Doña Ana County, five in Eddy County, one in McKinley County, one in Rio Arriba County, one in Sandoval County, one in Valencia County) and one case in Bernalillo County that was not lab confirmed - these have now been corrected. Including the above newly reported cases, New Mexico has now had a total of 193,987 COVID-19 cases:

Bernalillo County: 55,571
 Catron County: 87
 Chaves County: 8,785
 Cibola County: 2,846

Colfax County: 730
Curry County: 5,054
De Baca County: 136
Doña Ana County: 24,192
Eddy County: 6,709
Grant County: 1,659
Guadalupe County: 376
Harding County: 9
Hidalgo County: 357
Lea County: 8,253
Lincoln County: 1,603
Los Alamos County: 506
Luna County: 3,262
McKinley County: 12,163
Mora County: 169
Otero County: 3,701
Quay County: 428
Rio Arriba County: 3,524
Roosevelt County: 1,875
Sandoval County: 11,595
San Juan County: 13,963
San Miguel County: 1,329
Santa Fe County: 9,941
Sierra County: 718
Socorro County: 1,254
Taos County: 1,631
Torrance County: 686
Union County: 246
Valencia County: 6,520

County totals are subject to change upon further investigation and determination of residency of individuals positive for COVID-19.

The Department of Health currently reports the following numbers of COVID-19 cases among individuals held by federal agencies at the following facilities:

- Cibola County Correctional Center: 446
- Otero County Federal Prison Facility: 444

- Vecino Sanos Assisted Living in Santa Rosa
- White Sands Healthcare in Hobbs
- The Woodmark at Uptown in Albuquerque

*****This reported data is a total of Saturday 4/10, Sunday 4/11 & Monday (4/12)*****

The Department of Health has detected community spread in the state of New Mexico and is investigating cases with no known exposure. The agency reports that given the infectious nature of the virus it is likely other residents are infected

but yet to be tested or confirmed positive. To that end, all New Mexicans have been instructed to stay home except for outings absolutely necessary for health, safety and welfare. These additional restrictions have been enacted to aggressively minimize person-to-person contact and ensure spread is mitigated. New Mexicans are strongly urged to limit travel to only what is necessary for health, safety and welfare.

The New Mexico Department of Health has active investigations into the positive patients, which includes contact-tracing and swabs of symptomatic individuals who have had contact with the positive cases.

Every New Mexican must work together to stem the spread of COVID-19. Stay home, especially if you are sick. Wear a mask or face covering when in public and around others.

New Mexicans who report symptoms of COVID-19 infection, such as fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell should call their health care provider or the NMDOH COVID-19 hotline immediately (1-855-600-3453).

The Department of Health strongly encourages the following groups to get tested:

- Symptomatic people displaying the COVID-19 symptoms of fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell;
- Asymptomatic people who are close contacts or household members of people in their infectious period who have already tested positive for the coronavirus;
- Asymptomatic people who live or work in congregate settings such as long-term care facilities and group homes;
- Patients who are scheduled for surgery and whose provider has advised them to get tested before the procedure.

New Mexicans who have non-health-related questions or concerns can also call 833-551-0518 or visit newmexico.gov, which is being updated regularly as a one-stop source for information for families, workers and others affected by and seeking more information about COVID-19.
