- 19 new cases in Eddy County
- 2 new cases in Guadalupe County
- 2 new cases in Lea County
- 5 new cases in Lincoln County
- 1 new case in Luna County
- 3 new cases in McKinley County
- 6 new cases in Otero County
- 2 new cases in Quay County
- 8 new cases in Rio Arriba County
- 3 new cases in Roosevelt County
- 18 new cases in Sandoval County
- 44 new cases in San Juan County
- 3 new cases in San Miguel County
- 14 new cases in Santa Fe County
- 9 new cases in Torrance County
- 1 new case in Union County
- 13 new cases in Valencia County
- 1 new case among individuals held by federal agencies at the Otero County Federal Prison Facility
- 15 new cases among individuals held by federal agencies at the Otero County Processing Center

The Department of Health on Monday reported six additional deaths in New Mexico related to COVID-19:

Four recent deaths:

- A male in his 60s from Bernalillo County. The individual was hospitalized and had underlying conditions.
- A female >10 in San Juan County. The individual was hospitalized.
- A male in his 60s from San Juan County. The individual was hospitalized.
- A male in his 70s from Valencia County. The individual was hospitalized and had underlying conditions.

Two* deaths >30 days:

- A female in her 80s from Bernalillo County. The individual had underlying conditions and was a resident of The Rehabilitation Center of Albuquerque.
- A female in her 60s from Sandoval County. The individual was hospitalized.

*COVID related deaths are reported when a death certificate has been issued and some death certificates are delayed due to insufficient information.

The number of deaths of New Mexico residents related to COVID-19 is now 4,286.

The ten ZIP codes across the state with the most COVID-19 cases on Monday, Jun. 7 are:

88220 - 17
88081 - 16
87401 - 15
87402 - 10
87410 - 10
87031 - 9
87114 - 8
87124 - 7
87413 - 7
87507 - 7

Daily case counts and test numbers are raw data based on information the state receives today - meaning data that has not yet been scrutinized to identify potential duplicates or late-arriving positives or negatives. By contrast, the [Red Yellow Green county-level analysis](#) provides a highly accurate picture for a two-week period of time.

Previously reported numbers included forty-one cases that have been identified as duplicates (thirteen in Bernalillo County, two in Chaves County, three in Cibola County, six in Doña Ana County, three in Grant County, two in McKinley County, eight in San Juan County, one in Torrance County, three in Valencia County); three cases in Santa Fe County that were not lab confirmed; four cases in Santa Fe County have been determined to be out-of-state residents - these have now been corrected. Two cases previously reported in Doña Ana County has been determined to be among individuals held by federal agencies at the Otero County Processing Center and is now reported as such. Including the above newly reported cases, New Mexico has now had a total of 203,686 COVID-19 cases:

Bernalillo County: 58,631
Catron County: 96
Chaves County: 9,035
Cibola County: 2,894
Colfax County: 792
Curry County: 5,259
De Baca County: 172
Doña Ana County: 24,940
Eddy County: 6,902
Grant County: 1,735
Guadalupe County: 444
Harding County: 12
Hidalgo County: 364
Lea County: 8,370
Lincoln County: 1,754
Los Alamos County: 532
Luna County: 3,362
McKinley County: 12,350
Mora County: 172
Otero County: 4,032
Quay County: 520
Rio Arriba County: 3,701
Roosevelt County: 2,016
Sandoval County: 12,162
San Juan County: 15,547
San Miguel County: 1,381
Santa Fe County: 10,486
Sierra County: 780
Socorro County: 1,323
Taos County: 1,688
Torrance County: 863
Union County: 258
Valencia County: 6,833

County totals are subject to change upon further investigation and determination of residency of individuals positive for COVID-19.

The Department of Health currently reports the following numbers of COVID-19 cases among individuals held by federal agencies at the following facilities:

- Cibola County Correctional Center: 445
- Otero County Federal Prison Facility: 447
- Otero County Processing Center: 244
- Torrance County Detention Facility: 158

- Sierra Health Care Center in Truth or Consequences
- Sombrillo Nursing Home in Los Alamos
- Sugar Hollow Assisted Living Community in Albuquerque
- Sunset Vista Senior Living Center in Silver City
- The Village at Alameda in Albuquerque

This reported data is a total of Saturday 6/5, Sunday 6/6, & Monday 6/7

The Department of Health has detected community spread in the state of New Mexico and is investigating cases with no known exposure. The agency reports that given the infectious nature of the virus it is likely other residents are infected but yet to be tested or confirmed positive. To that end, all New Mexicans have been instructed to stay home except for outings absolutely necessary for health, safety and welfare. These additional restrictions have been enacted to aggressively minimize person-to-person contact and ensure spread is mitigated. New Mexicans are strongly urged to limit travel to only what is necessary for health, safety and welfare.

The New Mexico Department of Health has active investigations into the positive patients, which includes contact-tracing and swabs of symptomatic individuals who have had contact with the positive cases.

Every New Mexican must work together to stem the spread of COVID-19. Stay home, especially if you are sick. Wear a mask or face covering when in public and around others.

New Mexicans who report symptoms of COVID-19 infection, such as fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell should call their health care provider or the NMDOH COVID-19 hotline immediately (1-855-600-3453).

The Department of Health strongly encourages the following groups to get tested:

- Symptomatic people displaying the COVID-19 symptoms of fever, cough, shortness of breath, chills, repeated shaking with chills, muscle pain, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea, and/or loss of taste or smell;
- Asymptomatic people who are close contacts or household members of people in their infectious period who have already tested positive for the coronavirus;
- Asymptomatic people who live or work in congregate settings such as long-term care facilities and group homes;
- Patients who are scheduled for surgery and whose provider has advised them to get tested before the procedure.

New Mexicans who have non-health-related questions or concerns can also call 833-551-0518 or visit newmexico.gov, which is being updated regularly as a one-stop source for information for families, workers and others affected by and seeking more information about COVID-19.
