

This fishing report, provided by Dustin Berg of [Go Unlimited](#) (supporting disabled anglers) and the Department of Game and Fish, has been generated from the best information available from area officers and anglers. Conditions encountered after the report is compiled may differ, as stream, lake and weather conditions alter fish and angler activities.

[\(Valid April 1 to March 31; 2021-2022 licenses are on sale now\)](#)

Check the Fishing Conditions and Trip Planner!

The Department's Fishing Conditions and Trip Planner was created using data from the 2016 to 2019 Weekly Fishing Reports to develop graphs depicting fishing conditions for several species and waterbodies throughout the year. Each graph represents the average fishing conditions for each week of the year over the four-year period.

[Check out the new webpage to plan your trip now!](#)

Take the Bass and Trout Challenges!

To promote bass and trout fishing opportunities in New Mexico and encourage anglers to branch out and discover new fishing waters and species, anglers can participate in the [New Mexico Bass Challenge](#), the [New Mexico Trout Challenge](#) and the [Master Angler Challenge](#).

Catch all the challenge species that are found throughout New Mexico to receive your certificate and challenge coin!

A Message from the Department

As COVID-19 continues to force all of us to make changes to our daily schedule, the Department would like to remind you that together we can make a difference. To help minimize the spread of the virus:

- Practice social distancing
- Wash your hands regularly
- Avoid non-essential travel
- Wear a face covering
- Avoid interacting with large groups

Click the flyer to the right. Please share it with your friends and family.

The Department is continuing to adapt our ways of working to conserve wildlife for all New Mexicans. Through the COVID-19 pandemic, Department biologists and conservation officers continue to conduct wildlife surveys, contact anglers and OHV recreationists and stock fish in open waters throughout the state.

Our teams are wearing personal protective equipment for everyone's safety while working in small groups for maximum social distancing. We ask for your help to keep everyone safe and healthy by following the NMDOH public health emergency order by wearing PPE while staying at least six feet away from staff and equipment.

Closure Information

The Department reminds anglers it is their responsibility to be aware of closures and contact land managers for properties of interest when restrictions are lifted.

Consult local government websites for information regarding specific city and town fishing access.

Catches of the week

Bataan Lake: Reilly Monroney, age 15, of Corrales caught a 30-inch tiger muskie using a silver minnow lure June 29. Joshua Valenzuela, age 6, of Carlsbad caught a 17-inch catfish using a hotdog July 2.

Bluewater Lake: Matt Valdez of Albuquerque caught a 38-inch tiger muskie using a 6-inch green shad swimbait June 27. Erika Vallejos of Albuquerque caught a 35-inch tiger muskie using a 6-inch green shad swimbait June 27. David Otero of Albuquerque caught a 32-inch tiger muskie using a Yo-Zuri lure June 26.

Canjilon Lakes: Kimberly Key of Artesia caught a 16-inch rainbow trout using a worm July 2. Dayton Key, age 13, of Artesia and Anson Kimmell, age 5, of Canyon, Texas caught their limit of trout using a Pistol Pete spinner fly July 2. Ayden and Zayne Garcia, ages 6 and 3, of Santa Fe caught two trout simultaneously using a Pistol Pete spinner fly and green PowerBait June 25.

Marine veteran Vicente Jimenez, age 95, of Tesuque caught his limit of trout using nightcrawlers June 25 at Fenton Lake.

Elephant Butte Lake: Ernie Morales of El Paso, Texas caught a 16-inch largemouth bass using a blue and silver jointed minnow Rapala lure July 1.

Fenton Lake: Marine veteran Vicente Jimenez, age 95, of Tesuque caught his limit of trout using nightcrawlers June 25.

Jemez Waters: Ever Barraza of Bernalillo caught a 21-inch brown trout using a Pistol Pete spinner fly in the Valles Caldera July 3.

Monastery Lake: Leilani Gleason of Tijeras caught a 15-inch rainbow trout using a Hare's Ear fly July 3.

Navajo Lake: Dillon Wright, age 8, of Farmington caught a 5.8-pound largemouth bass using a rubber worm June 30.

Seven Springs Brood Pond: Derek Sanchez, age 10, of Albuquerque caught his limit of rainbow trout ranging in size from 11 to 18-inches using PowerBait Trout Nuggets June 28.

Tingley Beach: Isaiah Sainz, age 12, of Albuquerque caught a 32-inch, 10.9-pound catfish using raw chicken July 3.

If you have a catch of the week story or just want to tell us about your latest New Mexico fishing experience, send it to us at funfishingnm@gmail.com. We may include your story in our next report.

For catches of the week, include name, age, hometown, date, location, type of fish, length, and weight if possible, and bait, lure or fly used.

Northeast Fishing Report

Cabresto Lake: We had no reports from anglers this week.

Charette Lakes: We had no reports from anglers this week.

Cimarron River: Streamflow near Cimarron Monday morning was 34.5 cubic feet per second (cfs). Fishing for trout was good when using PowerBait and spinners.

Clayton Lake: Fishing for trout was good when using worms and dry flies. Fishing for catfish was good when using chicken liver.

Conchas Lake: Conchas Lake State Park has closed access to all boat ramps due to dropping water levels. The boat ramps on the south side of the lake managed by the U.S. Army Corps of Engineers are open. Fishing for largemouth and smallmouth bass was fair to good when using green tubes. Fishing for walleye was fair to good when using Berkley Flicker Shad lures and jigs tipped with nightcrawlers. Fishing for crappie was fair when using live minnows. Fishing for catfish was good when using cut bait. Fishing for carp was good when using worms.

Leilani Gleason of Tijeras caught a 15-inch rainbow trout using a Hare's Ear fly July 3 at Monastery Lake.

Costilla Creek: The Department has implemented the final phase of a project to expand Rio Grande cutthroat trout in 120 miles of the Costilla watershed in northern New Mexico. The final phase involved removal of fish within a designated area (Rio Costilla from Costilla Dam downstream to the Valle Vidal Boundary including all tributaries and Comanche Creek from the road culvert crossing on FR 1950 downstream to its confluence with Rio Costilla and all tributaries) with a tentative restocking of the Rio Grande cutthroat in spring 2022. Places to fish nearby include Costilla Creek below the fish barrier, Upper Comanche Creek, Shuree Ponds,

Middle Ponil Creek, Upper Powderhouse Creek, Little Costilla Creek, Vidal Creek and McCrystal Creek. The Department anticipates completion of this final phase in the fall of 2021. Please check the Department website for additional information on the project and to identify alternative angling opportunities in the interim.

Cowles Ponds: Fishing for trout was good when using grasshoppers and salmon eggs.

Coyote Creek: We had no reports from anglers this week.

Eagle Nest Lake: Fishing for trout was slow. Fishing for perch was good when using worms and corn. Fishing for pike was good when using Red Devil spoons, swimbaits and Mepps spinners.

Eagle Rock Lake: Fishing for trout was fair when using pink PowerBait and worms.

Fawn Lakes: We had no reports from anglers this week.

Gallinas River: Fishing for trout was fair when using worms.

Hopewell Lake: Fishing for trout was good when using cheese PowerBait and scud flies.

Lake Alice: We had no reports from anglers this week.

Lake Maloya: Fishing for trout was good when using Pistol Pete spinner flies, PowerBait and various topwater and nymph flies.

Los Pinos River: Fishing for trout was good when using dry flies with dropper nymph flies.

Maxwell Lake 13: We had no reports from anglers this week.

Monastery Lake: Fishing for trout was good when using Hare's Ear flies, rainbow glitter PowerBait and live worms.

Morphy Lake: Fishing for trout was good when using salmon-peach PowerBait and olive Pistol Pete spinner flies.

Pecos River: The streamflow near the town of Pecos Monday morning was 138 cfs. Fishing for trout was good when using Woolly Bugger flies, worms and gold Panther Martin Spinners.

Red River: Streamflow below the hatchery Monday morning was 62.8 cfs. Fishing for trout was good when using stimulator dry flies with a beadhead Hare's Ear nymph dropper fly.

Rio Grande: Stream flow at the Taos Junction Bridge Monday morning was 1,090 cfs. Fishing for trout was fair to good when using dry flies, nymph flies and Rooster Tail spinners. Fishing for smallmouth bass was fair to good when using pink spinnerbaits near the Taos Junction Bridge.

Rio Hondo: Streamflow Monday morning near Valdez was 29.9 cfs. Fishing for trout was good when using attractor dry flies and beadhead nymph flies.

Rio Mora: Streamflow Monday morning near Terrero was 110 cfs.

Rio Pueblo: Streamflow near Peñasco Monday morning was 24.2 cfs. Fishing for trout was good when using salmon eggs.

Santa Cruz Reservoir: Fishing for trout was good when using green garlic PowerBait.

Shuree Ponds: Open from July 1 to December 1 annually.

Springer Lake: Fishing for pike was fair to good when using spinners and spoons.

Storrie Lake: Fishing for trout was good when using PowerBait. Fishing for catfish was good when using chicken liver.

Stubblefield Lake: Fishing for catfish was good when using chicken liver.

Ute Lake: Fishing for white bass was fair to good when using topwater baits and small swimbaits. Fishing for walleye was good when using swimbaits and curly tail grubs in 8 to 12 feet of water on lake points. Fishing for bass was fair when using vibrating jigs, swimbaits and 4-inch stick baits. Fishing for catfish was good when using punch bait. Fishing for crappie was slow. Fishing for bluegill was good when using worms. The water surface temperature was in the mid-70 degrees Fahrenheit and the main lake color was stained.

Northwest Fishing Report

Abiquiu Lake: Fishing for walleye was slow when using curly tail grubs tipped with worms. Fishing for catfish was fair to good when using worms. Fishing for perch was fair to good when using worms. Fishing for smallmouth bass, crappie and bluegill was fair when using worms.

Animas River: Waterflow below Aztec Monday morning was 511 cfs.

Albuquerque Area Drains: We had no reports from anglers this week.

Bluewater Lake: Fishing for tiger muskie was good when using topwater plug lures, large crankbaits, Yo-Zuri lures, Rapala lures and 6-inch green swimbaits. Fishing for catfish was fair to good when using hotdogs.

Brazos River: Fishing for trout was fair to good when using crickets and worms.

Canjilon Lakes: Fishing for trout was good when using Pistol Pete spinner flies, worms and green PowerBait.

Chama River: Monday-morning flows below El Vado and Abiquiu were 499 cfs and 200 cfs, respectively. Fishing for trout near the town of Chama was good when using PowerBait Mice Tails. Fishing for trout below El Vado Lake was fair when using spinners and nightcrawlers. Fishing for trout below Abiquiu Lake was fair when using beadhead nymph flies. Please remember, from the river-crossing bridge on U.S. Highway 84 at Abiquiu upstream seven miles to the base of Abiquiu Dam is special trout waters with a bag limit of two trout only.

Cochiti Lake: Visitors to the lake need to make a reservation by purchasing a ticket at least 24 hours in advance through www.recreation.gov. Tickets and reservations will NOT be sold at the lake. Fishing for bass was fair when using plastic crawdad imitation lures.

El Vado Lake: Fishing for bass, perch and trout was good when using spinners and PowerBait.

Fenton Lake: Fishing for trout was fair to good when using nightcrawlers. Please remember, only two cutthroat trout are allowed to be harvested per day within the regular five-fish limit.

Heron Lake: Fishing from a boat for rainbow trout and kokanee salmon was good when using Panther Martin spinners, Rooster Tail spinners, Kokanee Killers and Rapala lures trolled 10 to

Ever Barraza of Bernalillo caught a 21-inch brown trout using a Pistol Pete spinner fly in the Valles Caldera July 3.

25 feet deep. Fishing from shore for rainbow trout and kokanee salmon was good when using chunky cheese garlic PowerBait, green PowerBait and salmon eggs. Sierra Vista and La Laja boat ramps are both open due to rising water levels.

Jemez Waters: Streamflow on the Jemez near the town of Jemez Monday morning was 8.12 cfs. Fishing for trout was good when using Pistol Pete spinner flies and worms.

Laguna del Campo: Fishing for trout was fair to good when using orange PowerBait.

Lagunitas Lakes: We had no reports from anglers this week.

Lake Farmington: We had no reports from anglers this week.

McGaffey Lake: Due to extremely low water levels and unstable ground conditions, stocking efforts have been suspended. Lake conditions will be monitored and stockings will resume once conditions improve.

Navajo Lake: Fishing for bass was good when using Ned Rigs, buzz baits and green watermelon tubes. Fishing for pike was fair to good when using crankbaits and jerkbaits up the San Juan arm of the lake. Fishing for kokanee salmon was good when using pink and orange spinners and Hootchie Squid tipped with corn.

Rio Grande: Fishing for catfish was good when using worms and chicken liver near Albuquerque.

San Gregorio Lake: We had no reports from anglers this week.

San Juan River: Streamflow Monday morning was 503 cfs. Fishing for trout in the quality waters was good when using ant pattern flies, annelid flies, RS2s, leech pattern flies and midge flies. Fishing for trout in the bait waters was good when using worms and spinners.

Seven Springs Brood Pond: Fishing for trout was good when using orange glitter PowerBait and garlic rainbow glitter PowerBait.

Tingley Beach: Fishing for catfish was fair to good when using chicken liver, raw chicken meat and stink bait.

Trout Lakes: We had no reports from anglers this week.

Southwest Fishing Report

Alumni Pond: Fishing for catfish was fair to good using cut carp, hotdogs and live worms.

Bear Canyon Lake: Fishing for crappie was fair to good when using wet and dry flies.

Bill Evans Lake: We had no reports from anglers this week.

Caballo Lake: Fishing for white bass was good when using live minnows and small crankbaits. Fishing for walleye was fair to good when using curly tail grubs, bottom bouncers with nightcrawler harness rigs and crankbaits. Fishing for catfish was good when using chicken liver and nightcrawlers.

Elephant Butte Lake: Fishing for white bass was good when using white, cream, maroon and light brown plastic worms. Fishing for largemouth bass was fair to good when using five-inch light brown plastic worms, orange and gold shallow diving crankbaits and blue and silver jointed minnow Rapala lures. Fishing for walleye was good when using chrome crankbaits, chartreuse curly tail grubs tipped with a worm, orange and green spoons and bottom bouncers with nightcrawler harness rigs. Fishing for crappie was fair when using live minnows and live worms. Fishing for catfish was good when using shad and stinkbait.

Ernie Morales of El Paso, Texas caught a 16-inch largemouth bass using a blue and silver jointed minnow Rapala lure July 1 at Elephant Butte Lake.

Escondida Lake: We had no reports from anglers this week.

Gila River: Streamflow Monday morning was 29.9 cfs. Fishing for catfish was good when using cut bait.

Glenwood Pond: We had no reports from anglers this week.

Lake Roberts: Fishing for catfish was fair when using worms. Please be advised that there is a fire in the area. Check the [U.S. Forest Service alerts page](#) for more information.

Percha Dam: We had no reports from anglers this week.

Quemado Lake: Fishing for trout was fair to good when using yellow PowerBait.

Rancho Grande Ponds: We had no reports from anglers this week.

Rio Grande: Streamflow below Elephant Butte Monday morning was 552 cfs. Fishing for catfish near Las Cruces was fair to good when using cut bait. Fishing for catfish near Caballo Lake was fair to good when using raw chicken and worms.

Snow Lake: We had no reports from anglers this week.

Trees Lake: We had no reports from anglers this week.

Young Pond: Fishing for all species was slow.

Southeast Fishing Report

Alto Lake: Fishing for trout was good when using worms and yellow cheese PowerBait.

Bataan Lake: Fishing for catfish was good when using hotdogs.

Black River: Streamflow at Malaga Monday morning was 4.37 cfs.

Blue Hole Park Pond: We had no reports from anglers this week.

Bottomless Lakes: We had no reports from anglers this week.

Brantley Lake: We had no reports from anglers this week.

Carlsbad Municipal Lake: We had no reports from anglers this week.

Chaparral Park Lake: We had no reports from anglers this week.

Corona Pond: Fishing for catfish was fair when using nightcrawlers and PowerBait.

Eunice Lake: Fishing for trout was fair when using PowerBait.

Reilly Monroney, age 15, of Corrales caught a 30-inch tiger muskie using a silver minnow lure June 29 at Bataan Lake.

Green Meadow Lake: Fishing for catfish was good when using hotdogs at night.

Greene Acres Lake: We had no reports from anglers this week.

Grindstone Reservoir: Fishing for trout was good when using white PowerBait, purple PowerBait and yellow salmon egg scented PowerBait.

Jal Lake: We had no reports from anglers this week.

Lake Van: Fishing for catfish was good when using chicken liver, nightcrawlers and stinkbait.

Oasis Park Lake: We had no reports from anglers this week.

Pecos River: Streamflow below Sumner Lake Monday morning was .21 cfs.

Perch Lake: We had no reports from anglers this week.

Ruidoso River: Streamflow Monday morning at Hollywood was 47.9 cfs.

Santa Rosa Lake: Fishing for crappie was good when using small green jigs and live minnows. Fishing for walleye was good when using chartreuse curly tail grubs and live minnows.

Sumner Lake: We had no reports from anglers this week.

Tips and Tricks – Kevin Ortiz’s Red Kool-Aid Hotdog Rig for Catfishing

I use a slip sinker that is not too heavy, just enough weight to cast out a good 50-feet or so. I use 10 to 12-pound test line (preferably clear or green). To stop the slip sinker from sliding all the way to the hook, I use a stopper, either a barrel swivel or split shot weight, like the one pictured.

I prefer to use a No. 2 or 4 circle bait hook. Circle hooks are my favorite, but you can also use the basic Eagle Claw bait hooks. They both work great!

I like to mix my hotdogs with garlic salt and red Kool-Aid in a Ziploc bag. When using a hotdog, you must make sure to gently feed the hook through it. If you start ripping at the hotdog piece, it ruins the grip of the hook on the soft textured hotdog.

Kevin Ortiz with a 5-pound catfish he caught at Green Meadow Lake June 25th.

Check the stocking report to find out where catfish have recently been released! If you try Kevin Ortiz's Red Kool-Aid Hotdog Rig for Catfishing, let us know how you do.

Share your tips and tricks with your fellow anglers by emailing us at funfishingnm@gmail.com and let's help the next generation of anglers find success.

Thanks for reading and supporting our angling community!

Kevin Ortiz prefers to use a No. 2 or 4 circle bait hook, but you can also use the basic Eagle Claw bait hooks.

When using a hotdog as bait, you must make sure to gently feed the hook through it.

Clean, Drain and Dry your watercraft.
