FOR IMMEDIATE RELEASE

September 22, 2021

70% of New Mexicans 18+ have completed their COVID-19 vaccination series

SANTA FE - On Wednesday, the New Mexico Department of Health (DOH) announced that 70% of New Mexicans 18 years and older have completed their COVID-19 vaccination series.

“Almost three-quarters of New Mexico adults have now completed their vaccination series. Thank you to every New Mexican for getting your shots and protecting your community,” said DOH Deputy Secretary Dr. Laura Parajon.

New Mexicans can register and self-schedule their vaccinations [here](#).

New Mexicans who have [COVID-19 symptoms](#) - or who have been in close contact with a positive case - are encouraged to get tested as well. A searchable list of testing sites is available [here](#). For New Mexicans who are able to do so, the Department encourages the use of [Vault at-home tests for surveillance testing](#). New Mexicans can order tests to be delivered to their home at no cost.

To learn more about New Mexico’s vaccination efforts, please visit the state’s [COVID-19 Vaccine Dashboard](#).
