

Virtual Public Involvement Meeting

NM 213 Phase A/B Study

From NM/Texas State Line to NM 213/NM 404 Intersection

Control Number E100320

The New Mexico Department of Transportation invites you to attend its second virtual public involvement meeting on the NM 213 Phase A/B Study. The purpose of the meeting is to present alternatives under consideration for the NM 213 corridor and provide opportunities for public comment.

The study evaluates the NM 213 and NM 404 intersection and the NM 213 corridor south of the NM 404 intersection. The purpose of the project is based on the need to improve capacity, safety and physical deficiencies at the intersection and along NM 213 within the study area. Proposed alternatives will include recommended improvements to the existing roadway facilities and/or construction of new roadway facilities, as well as consideration of a no build scenario.

Date: Wednesday October 6, 2021

Time: 5:30 - 7:00 PM

Register for Zoom Link and Phone-In Details:
