

## REQUEST FOR PUBLIC INPUT

### On Bridge Art and Aesthetic Treatments

#### For Interstate 25/Williamsburg Interchange Improvements

Control Number 1100990

### What is the Project?

The New Mexico Department of Transportation (NMDOT) and Federal Highway Administration (FHWA) are proposing improvements to the Interstate 25/Williamsburg Interchange in the Village of Williamsburg, Sierra County, New Mexico. The improvements will address the structurally deficient bridge while improving geometry, drainage, and safety. The new interchange will consist of a diamond configuration with the new bridge offset slightly to the north.

To enhance the visual effects of the project, the NMDOT and FHWA are proposing bridge art and aesthetic treatments for the new interchange.

### How to Learn More and Provide Comments?

The NMDOT and FHWA invite your comments on the proposed bridge art and aesthetic treatments shown below. For more information or to provide comments, please contact Wyatt Kartchner of Molzen Corbin.

**Email:** [wkartchner@molzencorbin.com](mailto:wkartchner@molzencorbin.com)

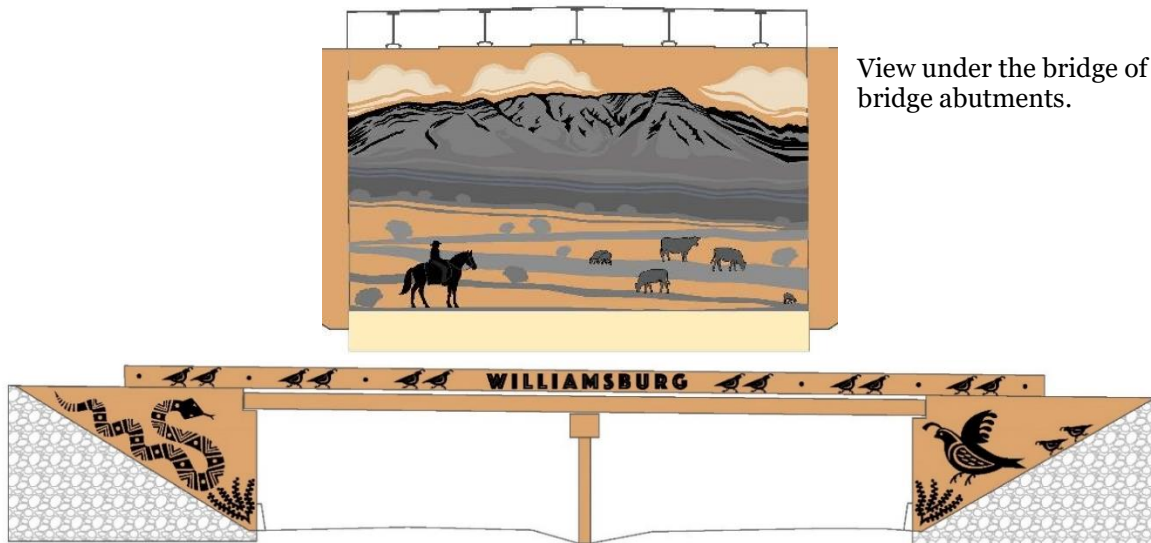

**Mail:** Williamsburg Bridge Art  
1155 Commerce Drive, Suite F  
Las Cruces, NM 88011

**Phone:** (575) 522-0049

Please submit comments to our team between  
**December 28 2021 & January 28, 2022.**

Thank you for your participation!
