## 2020 ANNUAL STATISTICAL BULLETIN

The New Mexico Field Office of USDA's National Agricultural Statistics Service (NASS), in cooperation with the New Mexico Department of Agriculture, is pleased to announce the publication of the 2020 New Mexico Agricultural Statistics bulletin. The current bulletin can be found on the USDA NASS New Mexico website using the following link:

New Mexico Agriculture Secretary Jeff Witte said he appreciates the state's agriculture industry's effort to be accurately reflected in the annual bulletin.

"The data provided through USDA-NASS surveys benefits the ag industry in many ways, and I appreciate our producers taking the time to complete and submit surveys," said Witte. "In addition to helping promote New Mexico-grown products and attracting domestic and international buyers, the statistics provided in the annual bulletin may affect important decisions for our local and state government."
