

## Genoveva Chavez Community Center Returning to Regular Operations

*All Areas and Equipment Open for Use on Monday, June 6*

The Genoveva Chavez Community Center will return to regular operations on Monday, June 6, 2022. All areas of the facility will be open for use by patrons during regular operating hours. The Gymnasium and Indoor Track had been previously closed to establish an emergency shelter for wildfire evacuees and to ensure their privacy inside the facility.

The City's Emergency Management Department and the Red Cross made the decision to close the shelter, the GCCC staff reset the closed areas over the weekend. The shelter, a proactive collaboration between the City and the Red Cross in response to the Hermit's Peak, Calf Canyon and other wildfires in northern New Mexico, can be reinstated within a few hours should another emergency situation arise.

[Visit the GCCC website for operating hours, activities and other offerings.](#)
