

This fishing report, provided by Dustin Berg of www.gounlimited.org (supporting disabled anglers) and the Department of Game and Fish, has been generated from the best information available from area officers and anglers. Conditions encountered after the report is compiled may differ, as stream, lake and weather conditions alter fish and angler activities.

NOTE: There will be fewer reports available as we move into the cooler seasons and fishing slows. The department will make every effort to provide as much information as possible during the coming winter months.

[\(Valid April 1 to March 31; 2022-2023 licenses are on sale now\)](#)

2022-23 Fishing RIBs Available Online!

The 2022-2023 Fishing Rules and Information Booklets (RIBs) are now available online-only for download and use. [English](#) and [Spanish](#) PDF versions are available. In addition to the full RIBs, a one-page summary of "What's New and Important" can also be downloaded in both [English](#) and [Spanish](#).

Check the Fishing Conditions and Trip Planner!

The Department's Fishing Conditions and Trip Planner was created using data from past Weekly Fishing Reports to develop graphs depicting fishing conditions for several species and waterbodies throughout the year. Each graph represents the average fishing conditions for each week of the year over the four-year period.

The Department has also developed an interactive Fishing Waters Map with a wealth of information on fishing locations in New Mexico. It displays

hundreds of fishing access points with information of fish species available, facilities, accessibility, boat ramps and general regulations.

[Check out the new webpage to plan your trip now!](#)

Take the Bass and Trout Challenges!

To promote fishing opportunities in New Mexico and encourage anglers to branch out and discover new fishing waters and species, anglers can participate in the [New Mexico Bass Challenge](#), the [New Mexico Trout Challenge](#) and the [Master Angler Challenge](#). Who knows, you could catch a [New Mexico Record Fish](#).

Catch all the challenge species that are found throughout New Mexico or a New Mexico State Record Fish and receive a certificate and challenge coin for your accomplishment!

Land Management Agency Links

The Department reminds anglers to “know before you go” and to contact land management agencies regarding additional regulations or restrictions on specific properties of interest prior to heading afield.

Consult local government websites for information regarding specific city and town fishing access.

Catches of the week

Albuquerque Area Drains:

Giovanni Yannoni, age 3, of Albuquerque caught his first fish, a largemouth bass, using a purple swim jig on the east side of the Rio Grande Oct. 15.

Caballo Lake: Joshua Gallegos and Ray Padilla of Belen caught 10 and 20-pound catfish, respectively, using cut shad bait Oct. 15.

Eagle Nest Lake: Hunter Pritchett Armijo and his grandfather, Val Armijo, of Albuquerque caught their limit of rainbow trout using peach PowerBait Oct. 19.

Elephant Butte Lake: Dmitri Hewitt, age 6, of Las Cruces caught an 18.75-inch, 2.65-pound smallmouth bass using a green spinning lure Oct. 21.

Hopewell Lake: Samantha Rivera, age 15, of Española caught her limit of rainbow trout, including two that measured 21 and 22 inches long, using worms Oct. 15.

San Juan River: Arlo Gonzales Sr. of Albuquerque caught a 22-inch, 4.5-pound brown trout using a worm Oct. 14.

Trout Lakes: Caleb Roybal, age 17, of La Mesilla caught a 20-inch rainbow trout using a copper Dardevle spoon Oct. 21.

If you have a catch of the week story or just want to tell us about your latest New Mexico fishing experience, send it to us at funfishingnm@gmail.com. We may include your story in our next report. For catches of the week, include name, age, hometown, date, location, type of fish, length and weight if possible, and bait, lure or fly used. Fish weights and measurements are provided by the angler and printed here as received.

Joshua Gallegos (top) and Ray Padilla of Belen caught 10- and 20-pound catfish, respectively, using cut shad bait Oct. 15 at Caballo Lake.

Northeast Fishing Report

Cabresto Lake: We had no reports from anglers this week.

Charette Lakes: We had no reports from anglers this week.

Cimarron River: Streamflow near Cimarron Monday morning was 9 cubic feet per second (cfs). Fishing for trout was good when using salmon eggs and nightcrawler worms.

Clayton Lake: We had no reports from anglers this week.

Conchas Lake: We had no reports from anglers this week.

Costilla Creek: The department is implementing the final phase of a project to expand Rio Grande cutthroat trout in 120 miles of the Costilla watershed in northern New Mexico. The final phase involves the removal of fish within a designated area (Rio Costilla from Costilla Dam downstream to the Valle Vidal Boundary, including all tributaries and Comanche Creek from the road culvert crossing on FR 1950 downstream to its confluence with Rio Costilla and all tributaries). Tentative stocking of Rio Grande cutthroat trout is set for spring 2023.

Samantha Rivera, age 15, of Española caught her limit of rainbow trout, including two that measured 21 and 22 inches long, Oct. 15 at Hopewell Lake.

Cowles Ponds: We had no reports from anglers this week.

Coyote Creek: We had no reports from anglers this week.

Eagle Nest Lake: Fishing for rainbow trout was good when using salmon, peach PowerBait and Kastmaster lures.

Eagle Rock Lake: Fishing for trout was fair to good when using chartreuse PowerBait.

Gallinas River: National Forest closures have been in place restricting fishing access. [Visit the Santa Fe National Forest webpage](#) or call the Santa Fe National Forest office at (505) 438-5300 for the latest closure information.

Hopewell Lake: Fishing for trout was good when using worms, black Woolly Bugger flies and green Pistol Pete spinner flies with a water-filled bobber.

Lake Alice: We had no reports from anglers this week.

Lake Maloya: Fishing for trout was good when using Trout Magnet lures, garlic PowerBait and worms.

Los Pinos River: Fishing for trout was fair when using Panther Martin spinners and nymph flies.

Maxwell Lake 13: We had no reports from anglers this week.

Monastery Lake: Fishing for trout was fair to good when using small spinners and PowerBait marshmallows.

Morphy Lake: We had no reports from anglers this week.

Pecos River: Streamflow near Pecos Monday morning was 111 cfs. Fishing for trout was fair to good when using nightcrawler worms.

Red River: Streamflow below the Red River Hatchery Monday morning was 80 cfs. Fishing for trout was fair to good when using salmon eggs and beadhead nymph flies.

Rio Grande: Streamflow below the Taos Junction Bridge Monday morning was 332 cfs. Fishing for trout was fair to good when using Rapala trout-pattern lures and gold Panther Martin spinners.

Rio Hondo: Streamflow near Valdez Monday morning was 33 cfs.

Rio Mora: Streamflow near Terrero Monday morning was 41 cfs.

Rio Pueblo: Streamflow near Penasco Monday morning was 36 cfs.

Santa Cruz Reservoir: Fishing for trout was good when using Woolly Bugger flies and PowerBait.

Shuree Ponds: Fishing for trout was fair to good when using caddis dry flies and beadhead nymph flies.

Springer Lake: We had no reports from anglers this week.

Storrie Lake: We had no reports from anglers this week.

Stubblefield Lake: We had no reports from anglers this week.

Ute Lake: Fishing for walleye was fair when using Berkley Flicker Shad lures trolling over deep brush. Fishing for white bass was slow when using jigging spoons in 28-35 feet of water. Fishing for smallmouth bass and largemouth bass was fair when using small swimbaits, crankbaits and various soft plastics fished on drop-shot rigs on rocky points. Fishing for crappie was slow. Fishing for catfish was fair when using punch bait and nightcrawler worms. The main lake water surface temperature was in the upper 60 F range and the water was clear.

Northwest Fishing Report

Abiquiu Lake: We had no reports from anglers this week.

Animas River: Streamflow below Aztec Monday morning was 258 cfs.

Albuquerque Area Drains: Fishing for bass in clear-water ditches was fair to good when using purple swim jigs.

Bluewater Lake: Fishing for tiger muskie was good when using jointed Rapala lures and swimbaits.

Brazos River: We had no reports from anglers this week.

Canjilon Lakes: Fishing for trout was good when using red wiggler worms, Pistol Pete spinner flies and orange PowerBait.

Cochiti Lake: Fishing for catfish was fair when using chicken liver and cut bait.

El Vado Lake: El Vado Lake can be accessed at Hargroves Day Use Area off State Road 322 and the Main Park area off State Road 112. The Rio Chama can be accessed at the North El Vado Day Use Area on State Road 95, 10 miles west of U.S. Highway 84. Lake levels are steady but expected to drop as crews work on the El Vado Dam. The Dam Day Use Area is closed due to the ongoing construction. State Road 112 over the dam will experience periodic closures. For more information, [visit El Vado Lake State Park's webpage](#) or call 575-588-7247.

Fenton Lake: Fishing for trout was good when using garlic, peach PowerBait.

Grants Riverwalk Pond: The city is in the final stages of repairs; stocking will resume soon.

Heron Lake: We had no reports from anglers this week.

Jemez Waters: Streamflow near Jemez Monday morning was 49 cfs. Fishing for trout was fair to good when using mop flies and worms.

Laguna del Campo: We had no reports from anglers this week.

Caleb Roybal, age 17, of La Mesilla caught a 20-inch rainbow trout using a copper Dardevle spoon Oct. 21 at Trout Lakes.

Lagunitas Lakes: We had no reports from anglers this week.

Lake Farmington: We had no reports from anglers this week.

McGaffey Lake: Stocking efforts have been suspended due to extremely low water levels and unstable ground conditions. Lake conditions will be monitored and stocking will resume once conditions improve.

Navajo Lake: Fishing for smallmouth bass was fair when using green, pumpkin Ned Rigs. Fishing for kokanee salmon using size 6/0 weighted snagging hooks was good near the dam.

Rio Chama: Streamflow below El Vado Lake and below Abiquiu Lake Monday morning was 103 cfs and 96 cfs, respectively. Fishing for trout below El Vado Lake was good when using nightcrawler worms and small Rapala trout-pattern lures. Fishing for trout below Abiquiu Lake was fair when using nymph flies and worms. Please remember, from the river-crossing bridge on U.S. Highway 84 at Abiquiu upstream 7 miles to the base of Abiquiu Dam is special trout waters with a bag limit of two trout only.

Rio Grande: We had no reports from anglers this week.

Riverside Park Pond (Aztec Pond #1): We had no reports from anglers this week.

San Gregorio Lake: We had no reports from anglers this week.

San Juan River: Streamflow near Archuleta Monday morning was 583 cfs. Fishing for trout in the quality waters was good when using cream midge-pattern flies and red annelid flies. Fishing for trout in the bait waters was fair to good when using worms.

Seven Springs Brood Pond: Fishing for trout was good when using orange PowerBait, salmon peach PowerBait and Trout Magnet lures tipped with salmon eggs.

Tiger Park Reservoir: We had no reports from anglers this week.

Tingley Beach: Fishing for bluegill was good when using small pieces of worm on a red salmon egg hook.

Trout Lakes: Fishing for trout was good when using copper Dardevle spoons.

Southwest Fishing Report

Alumni Pond: Fishing for bass was fair to good when using small perch-pattern lures and worms. Fishing for catfish was slow to fair when using nightcrawler worms.

Bear Canyon Lake: Fishing for all species was slow.

Bill Evans Lake: We had no reports from anglers this week.

Caballo Lake: Fishing for catfish was good when using cut carp bait and cut shad bait.

Elephant Butte Lake: Fishing for catfish was fair when using nightcrawler worms, shad and cut bait. Fishing for largemouth and smallmouth bass was fair to good when using green spinners and Senko worms. Fishing for white bass was fair to good when using live minnows.

Escondida Lake: We had no reports from anglers this week.

Gila River: Streamflow near Gila Monday morning was 698 cfs.

Jal Lake: We had no reports from anglers this week.

Lake Van: We had no reports from anglers this week.

Oasis Park Lake: We had no reports from anglers this week.

Pecos River: Streamflow below Sumner Lake Monday morning was 41 cfs. Fishing for smallmouth and largemouth bass was fair to good when using 3-inch, paddle-tail swimbaits.

Perch Lake: We had no reports from anglers this week.

Rio Bonito: We had no reports from anglers this week.

Rio Ruidoso: Streamflow at Hollywood Monday morning was 29 cfs.

Rock Lake Hatchery Kids' Pond: We had no reports from anglers this week.

Santa Rosa Lake: Fishing for catfish was fair to good when using bluegill cut bait.

Sumner Lake: We had no reports from anglers this week.

Timberon Ponds: We had no reports from anglers this week.

Tips and Tricks – Girls' Fishing Trip!

On Oct. 15, three sisters ventured out to the Jemez Mountains with the goal of catching their first rainbow trout at the Seven Springs Brood Pond.

The old saying “a picture is worth a thousand words” is definitely true! Words cannot tell the whole story. Their happy screams and cheers were captured on video as the air was filled with excitement. Taking photos of once-in-a-lifetime moments is a priceless memory for all to remember — time and time again!

Cell phones are equipped with cameras and video recording, making saving a treasured memory easy and creating a gift to enjoy for years to come.

So, take a kid fishing! Photograph the moments, and, if you can, record it. They are only little once!

Let us know how your fishing trip goes! Share your tips and tricks with your fellow anglers by emailing us at funfishingnm@gmail.com and let's help the next generation of anglers find success.

Thanks for reading and supporting our angling community!

Sisters Raquel, 11; Eden, 7; and Aliyah Matos, 6, of Albuquerque were determined to provide a fish dinner for their parents.

Older sister Eden congratulates little sister Aliyah on catching her first fish.

Clean, Drain and Dry your watercraft.
